The PNOC reserves the right to accept or reject any or all quotations/proposals or parts thereof, to waive formality therein or to accept such or to award any that are considered most advantageous to the company.

Thank you.

EVANGELINE B. ALBAYTAR
Chairperson
Bids and Awards Committee

PRICE QUOTATION / PROPOSAL AND COMPLIANCE FORM

Terms of Reference / Technical Specifications

LOT 1

PROJECT: Siphoning and Cleaning of Septic Tanks at PNOC – Energy Supply Base, Mainaga, Mabini, Batangas

JUSTIFICATION: For maintenance, de-clogging and disposal of accumulated contents of septic tanks proper inside PNOC-Energy Supply Base, Mabini, Batangas in compliance to environmental law particularly in Republic Act 9003 (Ecological Solid Waste Management)

SCOPE OF WORKS:

1. The contractor shall supply and deliver labor, tools, equipment and technical supervision necessary to completely execute the above project.
2. The contractor shall provide hauling equipment, tools and trained manpower, and undertake the hauling and disposal of residual waste from PNOC-Energy Supply Base (ESB), Mabini, Batangas to DENR-accredited disposal facility.
3. The contract shall cover four (4) CBM of waste siphoned from septic tanks inside PNOC-ESB.
4. The contractor shall provide a copy of accreditation as residual waste hauler and be responsible for securing other necessary valid permits, certificates, and clearances for the hauling and disposal of effluent waste materials, at its own expense, from the proper government offices. Said permits, certificates and clearances shall be submitted to PNOC Management prior to implementation of hauling activities.
5. The contractor agrees to conform with the provisions of all laws, ordinances, rules and regulations pertaining to the work under the contract. It shall give all notices required by such laws, ordinances, rules and regulations, pay all fees payable to any public authority of official in respect to work herein provided.
6. Fuel, lubricant, maintenance and repair costs for the hauling equipment shall be for the contractor's account.

LABOR REQUIREMENTS:

1. Contractor must be DENR-accredited and knowledgeable to conduct residual waste hauling with at least 3 years experienced in providing similar services.

Key Personnel	General Expertise	Relevant Experience
Truck Driver	Min. 2 years as a Truck Driver	Min. 1 year as a Truck Driver in the company conducting same project
Truck Helpers	Min. 1 year experience as a Truck Helper	Min. 1 year as a Truck Helper in the company conducting same project.

MATERIALS REQUIREMENTS:

No materials required.

PROJECT EXECUTION REQUIREMENTS:

1. The contractor shall supply labor, tools, equipment and technical supervision necessary to execute and complete the project.
2. Inform the ESB management at least three (3) days before scheduled date of siphoning activity.
3. The contractor shall provide an accredited hauling truck with a minimum volume capacity of four (4) cubic meters.
4. Payment shall be on per truckload basis and with a minimum volume of four (4) cubic meters of siphoned effluent materials hauled, inclusive of all applicable taxes and other charges. The truckload or volume shall be inspected and documented by ESB authorized representative prior to departure from ESB.
5. The contractor shall, at its own expense, provide disposal facility outside ESB and shall be responsible for the proper disposal of residual wastes materials in accordance with the current environmental standards, procedures, requirements and regulations of DENR, PNOC and other Philippine regulatory agencies.
6. The contractor shall provide Certificate of Disposal from the accredited disposal facility. The said certificate is a document to determine that the waste is properly disposed at the DENR-accredited processing facility.

ADDITIONAL REQUIREMENTS:

General Condition

1. The contractor shall commence work on the agreed start date.
2. The contractor is required to coordinate all activities and work relative to the project with ESB representative for proper monitoring and coordination.
3. The cost for all rework due to contractor's negligence shall be borne by the contractor.
4. The contractor shall be liable for all accident claims and other related claims arising from injuries and other damages to property occasioned by any act or omissions of

the contractor including any and all expenses which may be incurred by PNOC-ESB in its personnel in the defense of any claim, action or suit.

5. The contractor must comply with all standard health and safety requirements to include, among others, the use of personal protective equipment by all workers, proper ID and observe company rules and regulations on safety and security.

DELIVERY TIME / COMPLETION SCHEDULE:

1. PNOC will engage the third party service provider with the technical expertise in Hauling and proper disposal of siphoned materials from PNOC-ESB septic tanks for one (1) day engagement/hauling with a minimum of four (4) cubic meters/truckload. The schedule will be one engagement on June 2021 and one engagement on November 2021 with a total of two (2) haulings or as per needed schedule by PNOC-ESB upon purchase order (PO) received by the winning bidder.
2. The Contractor shall submit the Certificate of Disposal (COD) to PNOC-ESB within seven (7) days upon completion of the project.

DEFINITION OF SIMILAR PROJECTS:

The project that involves the technical expertise of third party service provider to conduct hauling of residual wastes and properly dispose according to existing environmental laws and regulations.

Contractor with accreditation from Department of Environment and Natural Resources (DENR) to conduct hauling of residual wastes for proper disposal and with at least one (1) year experienced in providing similar services.

LOT 2
