

PHILIPPINE NATIONAL OIL COMPANY

2021 Plans and Programs

PNOC's 2021 Plans and Programs

01

Work on the Port Development and continue to manage/operate the Energy Supply Base (ESB)

04

Continue the sale/optimization of the remaining 97.67 petajoules of PNOC's Banked Gas

02

Development of the Strategic Petroleum Reserve

05

Continue the disposal/optimization of PNOC's real estate assets

03

Possible investment in LNG-related projects

06

Conduct research study on deuterium as possible energy source

PNOC's 2021 Plans and Programs

07

Continue to efficiently manage/operate the PNOC Industrial Park as it improves facilities

10

Continue to comply with QMS requirements to maintain the ISO Certification for PNOC, and IMS Cert. for PIP and ESB

08

Approve and monitor PNOC EC and PNOC RC's work plans and programs as well as its budget in compliance with their mandates

11

Ensure adequate and timely compliance with government oversight agencies' reportorial requirements

09

Ensure competency enhancement based on the GCG-approved Reorganization Plan
