PNOC Building 6, Energy Center, Rizal Drive
Bonifacio Global City, Taguig City

TERMS OF REFERENCE

Project : **Third Party Appraisal of PNOC Properties**

I. Background

The Company shall engage the services of one (1) independent Appraisal Company to determine the Market Value (MV) and Market Rent (MR) of the properties. The results of appraisal shall serve as basis for, but not limited to, the following purposes:

1. Negotiating with Lessee on new rental rates pursuant to the Contract provision on reappraisal of leased premises every 5 years.
2. Recording the current property valuations in the Company's books as required by the Accounting Department under the revised Philippine Accounting Standards.

II. The Properties

The properties to be appraised consist of 2 sites, as follows: located in Metro Manila, Luzon and Visayas, as follows:

	LOCATION		TCT NO.	AREA (SQ.M.)	TOTAL AREA	ABC	QUOTATION
1	BATAAN	AYAM, ALANGAN, LIMAY	T-167130 T-78958 T-81621	219,904 285,880 61,991	566,775	66,000	
2	NEGROS OCC.	BRGY. BANAGO, BACOLOD CITY	T-211522	1,500	1,500	44,000	

Interested bidders shall submit a quotation for each site next to the corresponding ABC. The quotation may be higher or lower than the ABC.

- Any line item left "blank" shall result to the disqualification of the bid.
- Line item marked with "0" or "-" shall mean "free of charge"

III. Awarding of Services

Appraisal services shall be awarded to the Appraisal Company who submitted the lowest TOTAL bid for the project and which have been found eligible/qualified.

IV. Scope of Work

The appraisal shall generally cover the valuation of LAND ONLY.

The appraiser shall:

1. Conduct detailed inspection of the property and consider critical factors such as, but not limited to –
 - 1.1 accessibility (location, identification, etc.);
 - 1.2 locational attributes (landmarks and distances from the property; boundaries);
 - 1.3 physical attributes (i.e., topography, shape, size, terrain, road type/width, road frontage, average depth, etc.);
 - 1.4 neighborhood data (official zoning of the area; land development; availability of public services - water/ power/ communication/ sanitation/ transportation/etc.; condition of thoroughfares; easement if any; accessibility of amenities- commercial centers/ recreational facilities/ hospitals/ churches/ school/ public markets/ etc.)
 - 1.5 other factors critical to the property's value, marketability and potential for further development
2. Determine the LATEST land classification (per zoning ordinance), zonal value, market value per tax declaration and highest and best use of the property.
3. Determine and identify risks on the property and conditions that may aggravate the risk thereby affecting its value, requiring security or insurance coverage, such as but not limited to – traversed by a transmission line, located along an earthquake fault line, located beside a creek, encroachment, expropriation, etc.
4. The assumptions and parameters used in the process should be fully documented, including the total area of each parcel of land, and if applicable, dimensions of the total area & useable areas (areas should be on a per square meter basis).
5. Identify the current use of the property. In case of presence of informal settler/s, provide approximate number of settlers and brief description with approximate area covered by the structure/s. In case of encroachment/expropriation by private or government entity, provide brief description and approximate area affected on the property.

6. Determine the MV and MR of the properties to include the detailed procedures used to estimate the values.
7. For areas with informal settlers, two values must be submitted – (1) MV and MR of the land as if vacant and (2) MV and MR of the land with informal settlers.
8. The appraiser shall gather at least three (3) references for the appraisal, with pictures, lot plan, vicinity map and description of the reference properties/transactions used. Exact location should be provided.
9. Obtain MV and MR of comparable lands through realtors including actual data on the listings of current rent offers and recent arm's length actual sales and leases of comparable properties.
10. The valuation shall follow the procedures under and in accordance with the Philippine Valuation Standards otherwise known as the Generally Accepted Valuation Principles (GAVP).
11. Meet with PNOC-AMD prior to and after the conduct of the activity for clarification on properties and appraisal reports.

V. Additional Instructions

Provide 2 sets of valuation (MV and MR) for the following Sites:

- Site 2 (Ayam, Alangan, Limay, Bataan)
As of August 2024 and current year (2025)
- Site 3 (Brgy. Banago, Bacolod City, Negros Occidental)
As of September 2023 and current year (2025)

VI. Deliverables

1. Two (2) Copies of the Appraisal Report with all the required attachments and one (1) digital copy of the same shall be submitted.
2. The comprehensive appraisal report shall include:
 - A detailed description of the land/property
 - Basis of the valuation, including type and definition of value
 - Market analysis with comparable sales
 - Assessment of potential uses and value drivers
 - Submit grid chart and other extensive data on comparable property/listing with name of source/ company and contact number). **Listings should be traceable when validated.**
 - Estimation of the market value and market rent of the land/property
3. Attachments should include:

- Photographs with date showing condition of the property and its immediate surrounding.
- Lot plan, vicinity/tax map and listings map indicating the relative location of the property and the locations of comparable sales/leases listings as well as the relative distance (in meter or kilometer) of the subject properties to the PNOC property subject of the appraisal.
- Aerial view of the property and its vicinity using Google Earth or Google Map with delineated boundaries of the property overlaid over the map, showing clearly visible landmarks, thoroughfares or streets that are clearly visible.
