GENERAL CONDITIONS OF THE CONTRACT

1. Definitions

1.1 Unless the context otherwise requires, the following terms whenever used in this Contract have the following meanings:

- (a) "Applicable Law" means the laws and any other instruments having the force of law in the Philippines as they may be issued and enforced from time to time.
- (b) "Consultant" refers to the shortlisted consultant with the HRRB determined by the Procuring Entity as such in accordance with the ITB.
- (c) "Consulting Services" refer to services for Infrastructure Projects and other types of projects or activities of the Government of the Philippines (GoP) requiring adequate external technical and professional expertise that are beyond the capability and/or capacity of the Procuring Entity to undertake such as, but not limited to: (i) advisory and review services; (ii) pre-investment or feasibility studies; (iii) design; (iv) construction supervision; (v) management and related services; and (vi) other technical services or special studies.
- (d) "Contract" means the agreement signed by the Parties, to which these General Conditions of Contract (GCC) and other sections of the Bidding Documents are attached.
- (e) "Effective Date" means the date on which this Contract comes into full force and effect.
- (f) "Foreign Currency" means any currency other than the currency of the Philippines.
- (g) "Funding Source" means the entity indicated in the **SCC**.
- (h) "GCC" means these General Conditions of Contract.
- (i) "Government" means the Government of the Philippines (GoP).
- (j) "Local Currency" means the Philippine Peso (PhP).
- (k) "Member," in case the Consultant is a Joint Venture (JV) of two (2) or more entities, means any of these entities; and "Members" means all these entities.
- (l) "Party" means the Procuring Entity or the Consultant, as the case may be, and "Parties" means both of them.

- (m) "Personnel" means persons hired by the Consultant or by any Subconsultant as employees and assigned to the performance of the Services or any part thereof; "Foreign Personnel" means such persons who at the time of being so hired had their domicile outside the Government's country; "Local Personnel" means such persons who at the time of being so hired had their domicile inside the Philippines; and "Key Personnel" means the Personnel referred to in **GCC** Clause 39.
- (n) "Procuring Entity" refers to any branch, constitutional commission or office, agency, department, bureau, office or instrumentality of the Government, including GOCC, GFI, SUC, LGU, and autonomous regional government procuring Goods, Consulting Services, and Infrastructure Projects.
- (o) "SCC" means the Special Conditions of Contract by which the GCC may be amended or supplemented.
- (p) "Services" means the work to be performed by the Consultant pursuant to this Contract, as described in Appendix I.
- (q) "Subconsultant" means any person or entity to whom/which the Consultant subcontracts any part of the Services in accordance with the provisions of **GCC** Clause 50.
- (r) "Third Party" means any person or entity other than the Government, the Procuring Entity, the Consultant or a Subconsultant.

2. Headings

The headings shall not limit, alter or affect the meaning of this Contract.

3. Location

The Services shall be performed at such locations as are specified in Appendix I and, where the location of a particular task is not so specified, at such locations, whether in the Philippines or elsewhere, as the Procuring Entity may approve.

4. Law Governing Contract and Services

- 4.1 This Contract, its meaning and interpretation, and the relation between the Parties shall be governed by the Applicable Law.
- 4.2 The Consultant shall perform the Services in accordance with the Applicable Law and shall take all practicable steps to ensure that any Subconsultant, as well as the Personnel of the Consultant and any Subconsultant, complies with the Applicable Law. The Procuring Entity shall notify the Consultant in writing of relevant local customs, and the Consultant shall, after such notification, respect such customs.

- 4.3 If, after the date of this Contract, there is any change in the Applicable Law with respect to taxes and duties which increases or decreases the cost incurred by the Consultant in performing the Services, then the remuneration and reimbursable expenses otherwise payable to the Consultant under this Contract shall be increased or decreased on a no loss-no gain basis, and corresponding adjustments shall be made to the ceiling amounts specified in GCC Clause 52, provided that the cost is within the Approved Budget for the Contract (ABC).

5. Language

This Contract has been executed in the English language, which shall be the binding and controlling language for all matters relating to the meaning or interpretation of this Contract.

6. Consultants and Affiliates Not to Engage in Certain Activities

- 6.1 The Consultant agrees that, during the term of this Contract and after its termination, the Consultant and any entity affiliated with the Consultant, as well as any Subconsultant and any entity affiliated with such Subconsultant, shall be disqualified from providing goods, works, or consulting services for any project resulting from or closely related to this Contract other than the Services and any continuation thereof provided there is no current or future conflict.
- 6.2 The Consultant shall not engage, and shall cause their Personnel as well as their Subconsultants and their Personnel not to engage, either directly or indirectly, in any of the following activities:
- (a) during the term of this Contract, any business or professional activities in the Government's country which would conflict with the activities assigned to them under this Contract; and
 - (b) after the termination of this Contract, such other activities as may be specified in the **SCC**.

7. Authority of Member in Charge

In case the Consultant is a JV, the Members hereby authorize the entity specified in the **SCC** to act on their behalf in exercising all the Consultant's rights and obligations towards the Procuring Entity under this Contract, including without limitation the receiving of instructions and payments from the Procuring Entity.

8. Resident Project Manager

If required by the **SCC**, the Consultant shall ensure that at all times during the Consultant's performance of the Services in the Government's country, a resident project manager, acceptable to the Procuring Entity, shall take charge of the performance of such Services.

9. Entire Agreement

This Contract, including the documents specified in Section 37.2.3 of the IRR of RA 9184, contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make any statement, representation, promise, or agreement not set forth herein of which the Parties shall not be bound by or be liable for.

10. Modification

Unless otherwise specified in the **SCC**, no modification of the terms and conditions of this Contract, including any modification of the scope of the Services shall be allowed. Pursuant to **GCC** Clause 14 hereof, however, each Party shall give due consideration to any proposal for modification made by the other Party.

11. Relationship of Parties

11.1 Nothing contained herein shall be construed as establishing a relation of employer and employee or of principal and agent as between the Procuring Entity and the Consultant. The Consultant, subject to this Contract, has complete charge of its Personnel and Subconsultants, if any, performing the Services and shall be fully responsible for the Services performed by them or on their behalf hereunder.

11.2 The Consultant shall during the performance of the Services be an independent contractor, retaining complete control over its Personnel, conforming to all statutory requirements with respect to all its employees, and providing all appropriate employee benefits.

12. Authorized Representatives

Any action required or permitted to be taken, and any document required or permitted to be executed, under this Contract by the Procuring Entity or the Consultant may be taken or executed by the officials specified in the **SCC**.

13. Good Faith

The Parties undertake to act in good faith with respect to each other's rights under this Contract and to adopt all reasonable measures to ensure the realization of the objectives of this Contract.

14. Operation of the Contract

The Parties recognize that it is impractical for this Contract to provide for every contingency which may arise during the life of this Contract, and the Parties hereby agree that it is their intention that this Contract shall operate fairly as between them, and without detriment to the interest of either of them; and that, if during the term of this Contract either Party believes that this Contract is operating unfairly, the Parties shall use their best efforts to agree on such action as may be necessary to remove the cause or causes of such unfairness, but no failure to agree on any action pursuant to this Clause shall give rise to a dispute subject to arbitration in accordance with **GCC** Clause 34 hereof.

15. Notices

- 15.1 Any notice, request or consent required or permitted to be given or made pursuant to this Contract shall be in writing. Any such notice, request or consent shall be deemed to have been given or made when received by the concerned party, either in person or through an authorized representative of the Party to whom the communication is addressed, or when sent by registered mail, telex, telegram or facsimile to such Party at the address specified in the **SCC**.
- 15.2 Notice shall be deemed to be effective as specified in the **SCC**.
- 15.3 A Party may change its address for notice hereunder by giving the other Party notice of such change pursuant to the provisions listed in the SCC with respect to **GCC** Clause 15.2.

16. Warranty as to Eligibility

- 16.1 The Consultant represents, warrants, and confirms that it, as well as its Subconsultant, if any, is eligible, *i.e.*, has the legal personality to act as a consultant in accordance with Part I Eligibility Documents issued for this project.
- 16.2 The Consultant shall fulfill its obligations under this Contract by using knowledge according to the best accepted professional standards. The Consultant shall exercise all reasonable skill, care and diligence in the discharge of duties agreed to be performed and shall work in the best interest of the GoP.

17. Confidentiality

Except with the prior written consent of the Procuring Entity, the Consultant and the Personnel shall not at any time communicate to any person or entity any confidential information acquired in the course of the Services, nor shall the Consultant and the Personnel make public the recommendations formulated in the course of, or as a result of, the Services. For purposes of this clause, "confidential information" means any information or knowledge acquired by the Consultant and/or its Personnel arising out of, or in connection with, the performance of the Services under this Contract that is not otherwise available to the public.

18. Payment

- 18.1 In consideration of the Services performed by the Consultant under this Contract, the Procuring Entity shall make to the Consultant such payments and in such manner as is provided by **GCC** Clause 53 of this Contract. However, the Procuring Entity may refuse to make payments when the terms and conditions of the contract are not satisfactorily performed by the Consultant.
- 18.2 Subject to the ceilings specified in **GCC** Clause 52 hereof, the Procuring Entity shall pay to the Consultant: (i) remuneration as set

forth in GCC Clause 53.2; and (ii) reimbursable expenditures as set forth in **GCC** Clause 53.4. Said remuneration shall not be subject to price adjustment.

18.3 All payments under this Contract shall be made to the account of the Consultant specified in the **SCC**.

19. Currency of Payment

Unless otherwise specified in the **SCC**, all payments shall be made in Philippine Pesos.

20. Liability of the Consultant

Subject to additional provisions, if any, set forth in the **SCC**, the Consultant's liability under this Contract shall be as provided by the laws of the Republic of the Philippines.

21. Insurance to be Taken Out by the Consultant

21.1 The Consultant, at its own cost, shall be responsible for taking out or maintaining any insurance policy against any risk related to the project.

21.2 The Procuring Entity undertakes no responsibility in respect of life, health, accident, travel or any other insurance coverage for the Personnel or for the dependents of any such Personnel.

22. Effectivity of Contract

The contract effectivity date shall be the date of contract signing, provided that the effectiveness of the conditions, if any, listed in the **SCC** have been met.

23. Commencement of Services

The Consultant shall begin carrying out the Services starting from the effectivity date of this Contract, as mentioned in **GCC** Clause 22.

24. Expiration of Contract

Unless sooner terminated pursuant to **GCC** Clauses 27 or 28 hereof, this Contract shall terminate at the end of such time period after the effectivity date as shall be specified in the **SCC**.

25. Force Majeure

25.1 For purposes of this Contract the terms "force majeure" and "fortuitous event" may be used interchangeably. In this regard, a fortuitous event or force majeure shall be interpreted to mean an event which the Consultant could not have foreseen, or which though foreseen, was inevitable. It shall not include ordinary unfavorable weather conditions; and any other cause the effects of which could

have been avoided with the exercise of reasonable diligence by the Consultant.

- 25.2 The failure of a Party to fulfill any of its obligations hereunder shall not be considered to be a breach of, or default under, this Contract insofar as such inability arises from an event of force majeure, provided that the Party affected by such an event has taken all reasonable precautions, due care and reasonable alternative measures, all with the objective of carrying out the terms and conditions of this Contract.
- 25.3 Unless otherwise agreed herein, force majeure shall not include:
- (a) any event which is caused by the negligence or intentional action of a Party or such Party's Subconsultants or agents or employees;
 - (b) any event which a diligent Party could reasonably have been expected to both take into account at the time of the conclusion of this Contract and avoid or overcome in the carrying out of its obligations hereunder;
 - (c) insufficiency of funds or failure to make any payment required hereunder; or
 - (d) the Procuring Entity's failure to review, approve or reject the outputs of the Consultant beyond a reasonable time period.
- 25.4 A Party affected by an event of force majeure shall take all reasonable measures to remove such Party's inability to fulfill its obligations hereunder immediately or within a reasonable time.
- 25.5 A Party affected by an event of force majeure shall notify the other Party of such event as soon as possible, and in any event not later than fifteen (15) days following the occurrence of such event, providing evidence of the nature and cause of such event, and shall similarly give notice of the restoration of normal conditions as soon as possible.
- 25.6 The Parties shall take all reasonable measures to minimize the consequences of any event of force majeure.
- 25.7 Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a direct and proximate result of force majeure.
- 25.8 During the period of their inability to perform the Services as a direct and proximate result of an event of force majeure, the Consultant shall be entitled to continue receiving payment under the terms of this Contract as well as to be reimbursed for additional costs reasonably and necessarily incurred by it during such period for the purposes of the Services and in reactivating the Services after the

end of such period, provided that such costs are still within the total contract price. However, the foregoing provision shall not apply if the Procuring Entity suspends or terminates this Contract in writing, notice thereof duly received by the Consultant, pursuant to GCC Clauses 26 and 27 hereof with the exception of the direct and proximate result of force majeure.

25.9 Not later than fifteen (15) days after the Consultant, as the direct and proximate result of an event of force majeure, has become unable to perform a material portion of the Services, the Parties shall consult with each other with a view to agreeing on appropriate measures considering the circumstances.

25.10 In the case of disagreement between the parties as to the existence, or extent of force majeure, the matter shall be submitted to arbitration in accordance with GCC Clause 34 hereof.

26. Suspension

26.1 The Procuring Entity shall, by written notice of suspension to the Consultant, suspend all payments to the Consultant hereunder if the Consultant fail to perform any of their obligations due to their own fault or due to force majeure or other circumstances beyond the control of either party (e.g. suspension of civil works being supervised by the consultant) under this Contract, including the carrying out of the Services, provided that such notice of suspension:

- (a) shall specify the nature of the failure; and
- (b) shall request the Consultant to remedy such failure within a period not exceeding thirty (30) days after receipt by the Consultant of such notice of suspension.

26.2 The Consultant may, without prejudice to its right to terminate this Contract pursuant to **GCC** Clause 28, by written notice of suspension, suspend the Services if the Procuring Entity fails to perform any of its obligations which are critical to the delivery of the Consultant's services such as, non-payment of any money due the Consultant within forty-five (45) days after receiving notice from the Consultant that such payment is overdue.

27. Termination by the Procuring Entity

27.1 The Procuring Entity shall terminate this Contract when any of the following conditions attends its implementation:

- (a) Outside of force majeure, the Consultant fails to deliver or perform the Outputs and Deliverables within the period(s) specified in the Contract, or within any extension thereof granted by the Procuring Entity pursuant to a request made by the Consultant prior to the delay;

- (b) As a result of force majeure, the Consultant is unable to deliver or perform a material portion of the Outputs and Deliverables for a period of not less than sixty (60) calendar days after the Consultant's receipt of the notice from the Procuring Entity stating that the circumstance of force majeure is deemed to have ceased;
- (c) In whole or in part, at any time for its convenience, the HoPE may terminate the Contract for its convenience if he has determined the existence of conditions that make Project Implementation economically, financially or technically impractical and/or unnecessary, such as, but not limited to, fortuitous event(s) or changes in law and National Government policies;
- (d) If the Consultant is declared bankrupt or insolvent as determined with finality by a court of competent jurisdiction; in which event, termination will be without compensation to the Consultant, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the Procuring Entity and/or the Consultant;
- (e) In case it is determined prima facie that the Consultant has engaged, before or during the implementation of this Contract, in unlawful deeds and behaviors relative to contract acquisition and implementation, such as, but not limited to, the following: corrupt, fraudulent, collusive, coercive, and obstructive practices; drawing up or using forged documents; using adulterated materials, means or methods, or engaging in production contrary to rules of science or the trade; and any other act analogous to the foregoing. For purposes of this clause, corrupt, fraudulent, collusive, coercive, and obstructive practices shall have the same meaning as that provided in **ITB** Clause 3.1(a):
- (f) The Consultant fails to remedy a failure in the performance of their obligations hereunder, as specified in a notice of suspension pursuant to GCC Clause 15.2 hereinabove, within thirty (30) days of receipt of such notice of suspension or within such further period as the Procuring Entity may have subsequently approved in writing;
- (g) The Consultant's failure to comply with any final decision reached as a result of arbitration proceedings pursuant to GCC Clause 34 hereof; or
- (h) The Consultant fails to perform any other obligation under the Contract.

27.2 In case of termination, written notice shall be understood to mean fifteen (15) days for short term contracts, *i.e.*, four (4) months or less, and thirty (30) days for long term contracts.

28. Termination by the Consultant

The Consultant must serve a written notice to the Procuring Entity of its intention to terminate this Contract at least thirty (30) calendar days before its intended termination. This Contract is deemed terminated if no action has been taken by the Procuring Entity with regard to such written notice within thirty (30) calendar days after the receipt thereof by the Procuring Entity. The Consultant may terminate this Contract through any of the following events:

- (a) The Procuring Entity is in material breach of its obligations pursuant to this Contract and has not remedied the same within sixty (60) calendar days following its receipt of the Consultant's notice specifying such breach;
- (b) The Procuring Entity's failure to comply with any final decision reached as a result of arbitration pursuant to **GCC** Clause 34 hereof
- (c) As the direct and proximate result of force majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than sixty (60) days; or
- (d) The Procuring Entity fails to pay any money due to the Consultant pursuant to this Contract and not subject to dispute pursuant to **GCC** Clause 32 hereof within eighty four (84) days after receiving written notice from the Consultant that such payment is overdue.

29. Procedures for Termination of Contracts

The following provisions shall govern the procedures for the termination of this Contract:

- (a) Upon receipt of a written report of acts or causes which may constitute ground(s) for termination as aforementioned, or upon its own initiative, the Procuring Entity shall, within a period of seven (7) calendar days, verify the existence of such ground(s) and cause the execution of a Verified Report, with all relevant evidence attached;
- (b) Upon recommendation by the Procuring Entity, the HoPE shall terminate this Contract only by a written notice to the Consultant conveying such termination. The notice shall state:
 - (i) that the contract is being terminated for any of the ground(s) afore-mentioned, and a statement of the acts that constitute the ground(s) constituting the same;
 - (ii) the extent of termination, whether in whole or in part;

- (iii) an instruction to the Consultant to show cause as to why the contract should not be terminated; and
- (iv) special instructions of the Procuring Entity, if any.

The Notice to Terminate shall be accompanied by a copy of the Verified Report;

- (c) Within a period of seven (7) calendar days from receipt of the Notice of Termination, the Consultant shall submit to the HoPE a verified position paper stating why this Contract should not be terminated. If the Consultant fails to show cause after the lapse of the seven (7) day period, either by inaction or by default, the HoPE shall issue an order terminating this Contract;
- (d) The Procuring Entity may, at anytime before receipt of the Consultant's verified position paper to withdraw the Notice to Terminate if it is determined that certain services subject of the notice had been completed or performed before the Consultant's receipt of the notice;
- (e) Within a non-extendible period of ten (10) calendar days from receipt of the verified position paper, the HoPE shall decide whether or not to terminate this Contract. It shall serve a written notice to the Consultant of its decision and, unless otherwise provided, this Contract is deemed terminated from receipt of the Consultant of the notice of decision. The termination shall only be based on the ground(s) stated in the Notice to Terminate; and
- (f) The HoPE may create a Contract Termination Review Committee (CTRC) to assist him in the discharge of this function. All decisions recommended by the CTRC shall be subject to the approval of the HoPE.

30. Cessation of Services

Upon termination of this Contract by notice of either Party to the other pursuant to **GCC** Clauses 27 or 28 hereof, the Consultant shall, immediately upon dispatch or receipt of such notice, take all necessary steps to bring the Services to a close in a prompt and orderly manner and shall make every reasonable effort to keep expenditures for this purpose to a minimum. With respect to documents prepared by the Consultant and equipment and materials furnished by the Procuring Entity, the Consultant shall proceed as provided, respectively, by **GCC** Clauses 35 or 36 hereof.

31. Payment Upon Termination

Upon termination of this Contract pursuant to **GCC** Clauses 27 or 28 hereof, the Procuring Entity shall make the following payments to the Consultant:

- (a) remuneration pursuant to **GCC** Clause 53 hereof for Services satisfactorily performed prior to the effective date of termination;

- (b) reimbursable expenditures pursuant to **GCC** Clause 53 hereof for expenditures actually incurred prior to the effective date of termination; and
- (c) in the case of termination pursuant to **GCC** Clause 27(b) hereof, reimbursement of any reasonable cost incident to the prompt and orderly termination of this Contract including the cost of the return travel of the Personnel and their eligible dependents.

32. Disputes about Events of Termination

If either Party disputes whether an event specified in **GCC** Clause 27.1 or in **GCC** Clause 28 hereof has occurred, such Party may refer the matter to arbitration pursuant to **GCC** Clause 34 hereof, and this Contract shall not be terminated on account of such event except in accordance with the terms of any resulting arbitral award.

33. Cessation of Rights and Obligations

Upon termination of this Contract pursuant to **GCC** Clauses 27 or 28 hereof, or upon expiration of this Contract pursuant to **GCC** Clause 24, all rights and obligations of the Parties hereunder shall cease, except:

- (a) such rights and obligations as may have accrued on the date of termination or expiration;
- (b) the obligation of confidentiality set forth in **GCC** Clause 17 hereof; and
- (c) the Consultant's obligation to permit inspection, copying and auditing of their accounts and records set forth in **GCC** Clauses 51(b) and 51(c) hereof, any right which a Party may have under the Applicable Law.

34. Dispute Settlement

34.1 If any dispute or difference of any kind whatsoever shall arise between the Parties in connection with the implementation of this Contract, the Parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

34.2 Any and all disputes arising from the implementation of this Contract shall be submitted to arbitration in accordance with the rules of procedure specified in the **SCC**.

35. Documents Prepared by the Consultant and Software Developed to be the Property of the Procuring Entity

35.1 All plans, drawings, specifications, designs, reports, other documents and software prepared by the Consultant for the Procuring Entity under this Contract shall become and remain the property of the Procuring Entity, and the Consultant shall, prior to termination or expiration of this Contract, deliver all such documents to the

Procuring Entity, together with a detailed inventory thereof. The Consultant may retain a copy of such documents and software. The plans, drawings, specifications, designs, reports, other documents and software, including restrictions on future use of such documents and software, if any, shall be specified in the **SCC**.

- 35.2 All computer programs developed by the Consultant under this Contract shall be the sole and exclusive property of the Procuring Entity; provided, however, that the Consultant may use such programs for its own use with prior written approval of the Procuring Entity. If license agreements are necessary or appropriate between the Consultant and third parties for purposes of development of any such computer programs, the Consultant shall obtain the Procuring Entity's prior written approval to such agreements. In such cases, the Procuring Entity shall be entitled at its discretion to require recovering the expenses related to the development of the program(s) concerned.

36. Equipment and Materials Furnished by the Procuring Entity

Equipment and materials made available to the Consultant by the Procuring Entity, or purchased by the Consultant with funds provided by the Procuring Entity, shall be the property of the Procuring Entity and shall be marked accordingly. Upon termination or expiration of this Contract, the Consultant shall make available to the Procuring Entity an inventory of such equipment and materials and shall dispose of such equipment and materials in accordance with the Procuring Entity's instructions. While in possession of such equipment and materials, the Consultant, unless otherwise instructed by the Procuring Entity in writing, shall insure it at the expense of the Procuring Entity in an amount equal to their full replacement value.

37. Services, Facilities and Property of the Procuring Entity

The Procuring Entity shall make available to the Consultant and the Personnel, for the purposes of the Services and free of any charge, the services, facilities and property described in Appendix V at the terms and in the manner specified in said appendix, provided that if such services, facilities and property shall not be made available to the Consultant as and when so specified, the Parties shall agree on:

- (a) any time extension that it may be appropriate to grant to the Consultant for the performance of the Services;
- (b) the manner in which the Consultant shall procure any such services, facilities and property from other sources; and
- (c) the additional payments, if any, to be made to the Consultant as a result thereof pursuant to **GCC** Clause 52 hereinafter which should be within the agreed contract ceiling.

38. Consultant's Actions Requiring Procuring Entity's Prior Approval

The Consultant shall obtain the Procuring Entity's prior approval in writing before taking any of the following actions:

- (a) appointing such members of the Personnel as are listed in Appendix III merely by title but not by name;
- (b) entering into a subcontract for the performance of any part of the Services, it being understood that:
 - (i) the selection of the Subconsultant and the terms and conditions of the subcontract shall have been approved in writing by the Procuring Entity prior to the execution of the subcontract; and
 - (ii) the Consultant shall remain fully liable for the performance of the Services by the Subconsultant and its Personnel pursuant to this Contract;
- (c) replacement, during the performance of the contract for any reason, of any Personnel as listed in Appendix III of this Contract requiring the Procuring Entity's prior approval; and
- (d) any other action that may be specified in the **SCC**.

39. Personnel

- 39.1 The Consultant shall employ and provide such qualified and experienced Personnel and Subconsultants as are required to carry out the Services.
- 39.2 The title, agreed job description, minimum qualification and estimated period of engagement in the carrying out of the Services of each of the Consultant's Key Personnel are described in Appendix III.
- 39.3 The Key Personnel and Subconsultants listed by title as well as by name in Appendix III are hereby approved by the Procuring Entity. In respect of other Key Personnel which the Consultant proposes to use in the carrying out of the Services, the Consultant shall submit to the Procuring Entity for review and approval a copy of their biographical data and, in the case of Key Personnel to be assigned within the GoP, a copy of a satisfactory medical certificate attached as part of Appendix III. If the Procuring Entity does not object in writing; or if it objects in writing but fails to state the reasons for such objection, within twenty-one (21) calendar days from the date of receipt of such biographical data and, if applicable, such certificate, the Key Personnel concerned shall be deemed to have been approved by the Procuring Entity.
- 39.4 The Procuring Entity may request the Consultants to perform additional services not covered by the original scope of work but are determined by the Procuring Entity to be critical for the satisfactory completion of the Services, subject to **GCC** Clause 55.6.

- 39.5 No changes shall be made in the Key Personnel, except for justifiable reasons as may be determined by the Procuring Entity, as indicated in the **SCC**, and only upon prior approval of the Procuring Entity. If it becomes justifiable and necessary to replace any of the Personnel, the Consultant shall forthwith provide as a replacement a person of equivalent or better qualifications. If the Consultant introduces changes in Key Personnel for reasons other than those mentioned in the **SCC**, the Consultant shall be liable for the imposition of damages as described in the **SCC**.
- 39.6 Any of the Personnel provided as a replacement under **GCC** Clauses 39.5 and 39.7, the rate of remuneration applicable to such person as well as any reimbursable expenditures the Consultant may wish to claim as a result of such replacement, shall be subject to the prior written approval by the Procuring Entity. Except as the Procuring Entity may otherwise agree, the Consultant shall bear all additional travel and other costs arising out of or incidental to any removal and/or replacement, and the remuneration to be paid for any of the Personnel provided as a replacement shall not exceed the remuneration which would have been payable to the Personnel replaced.
- 39.7 If the Procuring Entity finds that any of the Personnel has committed serious misconduct or has been charged with having committed a criminal action as defined in the Applicable Law, or has reasonable cause to be dissatisfied with the performance of any of the Personnel, then the Consultant shall, at the Procuring Entity's written request specifying the grounds therefore, forthwith provide as a replacement a person with qualifications and experience acceptable to the Procuring Entity.

40. Working Hours, Overtime, Leave, etc.

- 40.1 Working hours and holidays for Key Personnel are set forth in Appendix III. Any travel time prior to and after contract implementation shall not be considered as part of the working hours.
- 40.2 The Key Personnel shall not be entitled to claim payment for overtime work, sick leave, or vacation leave from the Procuring Entity since these items are already covered by the Consultant's remuneration. All leaves to be allowed to the Personnel are included in the staff-months of service set forth in Appendix III. Taking of leave by any Personnel should not delay the progress and adequate supervision of the Services.
- 40.3 If required to comply with the provisions of **GCC** Clause 43.1 hereof, adjustments with respect to the estimated periods of engagement of Key Personnel set forth in Appendix III may be made by the Consultant by prior written notice to the Procuring Entity, provided that:

- (a) such adjustments shall not alter the originally estimated period of engagement of any individual by more than ten percent (10%); and
- (b) the aggregate of such adjustments shall not cause payments under this Contract to exceed the ceilings set forth in **GCC** Clause 52.1 of this Contract. Any other such adjustments shall only be made with the Procuring Entity's prior written approval.

41. Counterpart Personnel

- 41.1 If so provided in Appendix III hereto, the Procuring Entity shall make available to the Consultant, as and when provided in such Appendix III, and free of charge, such Counterpart Personnel to be selected by the Procuring Entity, with the Consultant's advice, as shall be specified in such Appendix III. Counterpart Personnel shall work with the Consultant. If any member of the Counterpart Personnel fails to perform adequately any work assigned to such member by the Consultant which is consistent with the position occupied by such member, the Consultant may request the replacement of such member, and the Procuring Entity shall not unreasonably refuse to act upon such request.
- 41.2 The responsibilities of the Counterpart Personnel shall be specified in Appendix III, attached hereto, and the Counterpart Personnel shall not perform any work beyond the said responsibilities.
- 41.3 If Counterpart Personnel are not provided by the Procuring Entity to the Consultant as and when specified in Appendix III, and or if the Counterpart Personnel lack the necessary training, experience or authority to effectively undertake their responsibilities, the Procuring Entity and the Consultant shall agree on how the affected part of the Services shall be carried out, and the additional payments, if any, to be made by the Procuring Entity to the Consultant as a result thereof pursuant to **GCC** Clause 52 hereof.

42. Performance Security

- 42.1 Unless otherwise specified in the **SCC**, within ten (10) calendar days from receipt of the Notice of Award from the Procuring Entity but in no case later than the signing of the contract by both parties, the Consultant shall furnish the performance security in any the forms prescribed in the **ITB** Clause 32.2.
- 42.2 The performance security posted in favor of the Procuring Entity shall be forfeited in the event it is established that the Consultant is in default in any of its obligations under the contract.
- 42.3 The performance security shall remain valid until issuance by the Procuring Entity of the Certificate of Final Acceptance.

42.4 The performance security may be released by the Procuring Entity and returned to the Consultant after the issuance of the Certificate of Final Acceptance subject to the following conditions:

- (a) There are no pending claims against the Consultant or the surety company filed by the Procuring Entity;
- (b) The Consultant has no pending claims for labor and materials filed against it; and
- (c) Other terms specified in the **SCC**.

42.5 In case of a reduction of the contract value, the Procuring Entity shall allow a proportional reduction in the original performance security, provided that any such reduction is more than ten percent (10%) and that the aggregate of such reductions is not more than fifty percent (50%) of the original performance security.

43. Standard of Performance

43.1 The Consultant shall perform the Services and carry out their obligations hereunder with all due diligence, efficiency and economy, in accordance with generally accepted professional techniques and practices, and shall observe sound management practices, and employ appropriate advanced technology and safe and effective equipment, machinery, materials and methods.

43.2 The Consultant shall always act, in respect of any matter relating to this Contract or to the Services, as faithful advisers to the Procuring Entity, and shall at all times support and safeguard the Procuring Entity's legitimate interests in any dealings with Subconsultants or third parties.

43.3 The Consultant shall furnish to the Procuring Entity such information related to the Services as the Procuring Entity may from time to time reasonably request.

43.4 The Consultant shall at all times cooperate and coordinate with the Procuring Entity with respect to the carrying out of its obligations under this Contract.

44. Consultant Not to Benefit from Commissions, Discounts, etc.

The remuneration of the Consultant pursuant to **GCC** Clause 53 hereof shall constitute the Consultant's sole remuneration in connection with this Contract or the Services and, subject to **GCC** Clause 45 hereof, the Consultant shall not accept for their own benefit any trade commission, discount or similar payment in connection with activities pursuant to this Contract or to the Services or in the discharge of their obligations hereunder, and the Consultant shall use its best efforts to ensure that any Subconsultants, as well as the Personnel and agents of either of them, similarly shall not receive any such additional remuneration.

45. Procurement by the Consultant

If the Consultant, as part of the Services, has the responsibility of advising or procuring goods, works or services, for the Procuring Entity, the Consultant shall comply with any applicable procurement guidelines of the Funding Source, and shall at all times exercise such responsibility in the best interest of the Procuring Entity. Any discounts or advantages obtained by the Consultant in the exercise of such procurement responsibility shall be for the benefit of the Procuring Entity.

46. Specifications and Designs

- 46.1 The Consultant shall prepare all specifications and designs using the metric system and shall embody the best design criteria applicable to Philippine conditions. The Consultant shall specify standards which are accepted and well-known among industrial nations.
- 46.2 The Consultant shall ensure that the specifications and designs and all documentation relating to procurement of goods and services for this Contract are prepared on an impartial basis so as to promote national and international competitive bidding.

47. Reports

The Consultant shall submit to the Procuring Entity the reports, deliverables and documents in English, in the form, in the numbers, and within the time periods set forth in Appendix II.

48. Assistance by the Procuring Entity on Government Requirements

- 48.1 The Procuring Entity may assist the Consultant, Subconsultants, and Personnel in the payment of such taxes, duties, fees and other impositions as may be levied under the Applicable Law by providing information on the preparation of necessary documents for payment thereof.
- 48.2 The Procuring Entity shall use its best efforts to ensure that the Government shall:
 - (a) provide the Consultant, Subconsultants, and Personnel with work permits and such other documents as shall be necessary to enable the Consultant, Subconsultants, or Personnel to perform the Services;
 - (b) arrange for the foreign Personnel and, if appropriate, their eligible dependents to be provided promptly with all necessary entry and exit visas, residence permits, and any other documents required for their stay in the Philippines for the duration of the Contract;
 - (c) facilitate prompt clearance through customs of any property required for the Services and of the necessary personal effects of the foreign Personnel and their eligible dependents;

- (d) issue to officials, agents and representatives of the Government all such instructions as may be necessary or appropriate for the prompt and effective implementation of the Services; and
- (e) grant to foreign Consultant, any foreign Subconsultant and the Personnel of either of them the privilege, pursuant to the Applicable Law, of bringing into the Government's country reasonable amounts of foreign currency for purposes of the Services or for the personal use of the foreign Personnel and their dependents.

49. Access to Land

The Procuring Entity warrants that the Consultant shall have, free of charge, unimpeded access to all lands in the Philippines in respect of which access is required for the performance of the Services. The Procuring Entity shall be responsible for any damage to such land or any property thereon resulting from such access and shall indemnify the Consultant and each of the Personnel in respect of liability for any such damage, unless such damage is caused by the default or negligence of the Consultant or any Subconsultant or the Personnel of either of them.

50. Subcontract

- 50.1 Subcontracting of any portion of the Consulting Services, if allowed in the **BDS**, does not relieve the Consultant of any liability or obligation under this Contract. The Consultant will be responsible for the acts, defaults, and negligence of any subconsultant, its agents, servants or workmen as fully as if these were the Consultant's own acts, defaults, or negligence, or those of its agents, servants or workmen.
- 50.2 Subconsultants disclosed and identified during the bidding may be changed during the implementation of this Contract, subject to compliance with the required qualifications and the approval of the Procuring Entity.

51. Accounting, Inspection and Auditing

51.1 The Consultant shall:

- (a) keep accurate and systematic accounts and records in respect of the Services hereunder, in accordance with internationally accepted accounting principles and in such form and detail as shall clearly identify all relevant time changes and costs, and the bases thereof;
- (b) permit the Procuring Entity or its designated representative and or the designated representative of the Funding Source at least once for short-term Contracts, and annually in the case of long-term Contracts, and up to one year from the expiration or termination of this Contract, to inspect the same and make copies thereof as well as to have them audited by auditors appointed by the Procuring Entity; and

- (c) permit the Funding Source to inspect the Consultant's accounts and records relating to the performance of the Consultant and to have them audited by auditors approved by the Funding Source, if so required.

51.2 The basic purpose of this audit is to verify payments under this Contract and, in this process, to also verify representations made by the Consultant in relation to this Contract. The Consultant shall cooperate with and assist the Procuring Entity and its authorized representatives in making such audit. In the event the audit discloses that the Consultant has overcharged the Procuring Entity, the Consultant shall immediately reimburse the Procuring Entity an amount equivalent to the amount overpaid. If overpayment is a result of the Consultant having been engaged in what the Procuring Entity (or, as the case may be, the Funding Source) determines to constitute corrupt, fraudulent, or coercive practices, as defined in **GCC** Clause 27(e) and under the Applicable Law, the Procuring Entity shall, unless the Procuring Entity decides otherwise, terminate this Contract.

51.3 The determination that the Consultant has engaged in corrupt, fraudulent, coercive practices shall result in the Procuring Entity and/or the Funding Source seeking the imposition of the maximum administrative, civil and criminal penalties up to and including imprisonment.

52. Contract Cost

52.1 Except as may be otherwise agreed under **GCC** Clause 10, payments under this Contract shall not exceed the ceiling specified in the **SCC**. The Consultant shall notify the Procuring Entity as soon as cumulative charges incurred for the Services have reached eighty percent (80%) of this ceiling.

52.2 Unless otherwise specified in the **SCC**, the cost of the Services shall be payable in Philippine Pesos and shall be set forth in the Appendix IV attached to this Contract.

53. Remuneration and Reimbursable Expenditures

53.1 Payments of Services do not relieve the Consultant of any obligation hereunder.

53.2 Remuneration for the Personnel shall be determined on the basis of time actually spent by such Personnel in the performance of the Services including other additional factors indicated in the **SCC** after the date determined in accordance with **GCC** Clause 22, or such other date as the Parties shall agree in writing, including time for necessary travel via the most direct route, at the rates referred to, and subject to such additional provisions as are set forth, in the **SCC**.

53.3 Remuneration for periods of less than one month shall be calculated on an hourly basis for time spent in home office (the total of 176

hours per month shall apply) and on a calendar-day basis for time spent away from home office (1 day being equivalent to 1/30th of a month).

53.4 Reimbursable expenditures actually and reasonably incurred by the Consultants in the performance of the Services are provided in the **SCC**.

53.5 Billings and payments in respect of the Services shall be made as follows:

- (a) The Procuring Entity shall cause to be paid to the Consultant an advance payment as specified in the **SCC**, and as otherwise set forth below. The advance payment shall be due after the Consultant provides an irrevocable standby letter of credit in favor of the Procuring Entity issued by an entity acceptable to the Procuring Entity in accordance with the requirements provided in the **SCC**.
- (b) As soon as practicable and not later than fifteen (15) days after the end of each calendar month during the period of the Services, the Consultant shall submit to the Procuring Entity, in duplicate, itemized statements, accompanied by copies of receipted invoices, vouchers and other appropriate supporting materials, of the amounts payable pursuant to **GCC** Clauses 52.1 and 53 for such month. Separate monthly statements shall be submitted in respect of amounts payable in foreign currency and in local currency. Each separate monthly statement shall distinguish that portion of the total eligible costs which pertains to remuneration from that portion which pertains to reimbursable expenditures.
- (c) The Procuring Entity shall cause the payment of the Consultant's monthly statements within sixty (60) days after the receipt by the Procuring Entity of such statements with supporting documents. Only such portion of a monthly statement that is not satisfactorily supported may be withheld from payment. Should any discrepancy be found to exist between actual payment and costs authorized to be incurred by the Consultant, the Procuring Entity may add or subtract the difference from any subsequent payments. Interest shall be paid for delayed payments following the rate provided in the **SCC**.

54. Final Payment

54.1 The final payment shall be made only after the final report and a final statement, identified as such, shall have been submitted by the Consultant and approved as satisfactory by the Procuring Entity. The Services shall be deemed completed and finally accepted by the Procuring Entity and the final report and final statement shall be deemed approved by the Procuring Entity as satisfactory ninety (90)

calendar days after receipt of the final report and final statement by the Procuring Entity unless the Procuring Entity, within such ninety (90)-day period, gives written notice to the Consultant specifying in detail deficiencies in the Services, the final report or final statement. The Consultant shall thereupon promptly make any necessary corrections within a maximum period of ninety (90) calendar days, and upon completion of such corrections, the foregoing process shall be repeated.

- 54.2 Any amount which the Procuring Entity has paid or caused to be paid in accordance with this clause in excess of the amounts actually payable in accordance with the provisions of this Contract shall be reimbursed by the Consultant to the Procuring Entity within thirty (30) days after receipt by the Consultant of notice thereof. Any such claim by the Procuring Entity for reimbursement must be made within twelve (12) calendar months after receipt by the Procuring Entity of a final report and a final statement approved by the Procuring Entity in accordance with the above.

55. Lump Sum Contracts

- 55.1 For Lump Sum Contracts when applicable, notwithstanding the terms of **GCC** Clauses 10, 18.1, 31(c), 41.3, 53.2, 53.3, 53.4, 53.5, and 54.1, the provisions contained hereunder shall apply.
- 55.2 Personnel - Any replacement approved by the Procuring Entity in accordance with **ITB** Clause 27.3 shall be provided by the Consultant at no additional cost.
- 55.3 Staffing Schedule - Should the rate of progress of the Services, or any part hereof, be at any time in the opinion of the Procuring Entity too slow to ensure that the Services are completed in accordance with the Staffing Schedule, the Procuring Entity shall so notify the Consultant in writing and the Consultant shall at its sole cost and expense, thereupon take such steps as necessary, subject to the Procuring Entity's approval, or as reasonably required by the Procuring Entity, to expedite progress so as to ensure that the Services are completed in accordance with the Staffing Schedule.
- 55.4 Final payment pursuant to the Payment Schedule in Appendices IV and V shall be made by the Procuring Entity after the final report has been submitted by the Consultant and approved by the Procuring Entity.
- 55.5 Termination - Upon the receipt or giving of any notice referred to in **GCC** Clause 29 and if the Consultant is not in default under this Contract and has partly or substantially performed its obligation under this Contract up to the date of termination and has taken immediate steps to bring the Services to a close in prompt and orderly manner, there shall be an equitable reduction in the maximum amount payable under this Contract to reflect the reduction in the Services, provided that in no event shall the

Consultant receive less than his actual costs up to the effective date of the termination, plus a reasonable allowance for overhead and profit.

55.6 Unless otherwise provided in the **SCC**, no additional payment for variation order, if any, shall be allowed for this Contract.

56. Liquidated Damages for Delay

If the Consultant fails to deliver any or all of the Services within the period(s) specified in this Contract, the Procuring Entity shall, without prejudice to its other remedies under this Contract and under the Applicable Law, deduct from the contract price, as liquidated damages, a sum equivalent to one-tenth of one percent of the price of the unperformed portion of the Services for each day of delay based on the approved contract schedule up to a maximum deduction of ten percent (10%) of the contract price. Once the maximum is reached, the Procuring Entity may consider termination of this Contract pursuant to **GCC** Clause 27.

TERMS OF REFERENCE

1. Project Description

The Philippine National Oil Company (PNOC) has signified its intention to pursue the conduct of detailed feasibility study for a 7MW ground-mounted solar PV system at the Magapit Main Canal, Lal-lo, Cagayan. This project reflects PNOC's commitment to advancing renewable energy development to contribute to the country's energy self-sufficiency, environmental sustainability, and economic growth.

The project shall be named **"Consultancy Services for the Preparation of a Detailed Feasibility Study on 7MW Ground-Mounted Solar PV Project at NIA Land Property."** The project site is located at the **Magapit Main Canal, Lal-lo, Cagayan.**

2. Objectives of the Contract

The objective of this Terms of Reference (TOR) is to define the general and technical requirements for the conduct of Detailed Feasibility Study (DFS). The Consultant will be responsible for conducting comprehensive analysis, ensuring alignment with applicable engineering standards, industry codes, and government regulations.

The DFS must meet the Department of Energy's (DOE) minimum requirements for the Solar Energy Service Contract (SESC), ensuring compliance with DOE guidelines to facilitate the successful acquisition of the SESC and support the project's subsequent development. The Consultant is obligated to deliver accurate and complete findings, addressing all technical, environmental, financial, and legal aspects necessary for the project's implementation.

- a. **Assess Market Viability:** Evaluate the local and national energy landscape, assess market demand, regulatory conditions, and competitive factors that influence the solar PV project's viability.
- b. **Assess Technical Viability:** Evaluate the suitability of the NIA land property for the installation of a ground-mounted solar PV system, including site conditions, solar irradiance data, and environmental factors affecting performance.
- c. **Establish Energy Production Estimates:** Provide detailed calculations on expected energy generation, performance ratios, and system efficiency, considering local climate conditions and shading analysis.
- d. **Determine Financial Feasibility:** Conduct a detailed cost analysis, including initial capital expenditure (CAPEX), operational expenditure (OPEX), financing options, return on investment (ROI), net present value (NPV) and payback period for the project.
- e. **Evaluate Regulatory Compliance:** Identify and review all local, national, and international regulations, permits, and certifications required for the development and operation of the solar PV system.
- f. **Propose Technology and Equipment:** Recommend the most suitable technology, components, and equipment for the solar PV system, ensuring alignment with best practices in the industry for performance and longevity.
- g. **Promote Transparency and Reporting:** Require regular progress reports from the Consultant to PNOC, detailing project milestones, challenges, and resolutions, fostering transparency and effective project management.
- h. **Support in Stakeholder Engagement:** Outline strategies for engaging with relevant stakeholders, including local communities, government agencies, and environmental organizations, ensuring transparent communication.

3. Approved Budget for the Contract (ABC)

PNOC has an approved corporate budget in the amount of ten million pesos (**Php 10,000,000.00**) for the Project.

4. Scope of Works

The scope of work for the Consultant includes:

4.1. Concept Study

The Consultant shall conduct a Concept Study to establish the preliminary framework and technical feasibility of the project. This includes defining the project objectives, evaluating initial site conditions, identifying preliminary technological designs, and providing realistic cost estimates for capital and operational expenses. The study will outline key design concepts, system configurations, and preliminary cost estimates to support further detailed analysis. The physical output for this activity is the **Concept Study Report**.

- Initial modeling and annual energy production estimates

The Consultant will conduct initial energy modeling to estimate the annual energy production (AEP) and capacity of the solar PV system in megawatt peak (MWp). This will involve creating a **preliminary layout, a single-line diagram, general specifications, and initial annual energy production estimates** for the system. The estimates will be based on factors such as site conditions, panel orientation, shading analysis, and other relevant technical data.

✓ Solar resource assessment

- The Consultant will perform a Solar Resource Assessment (SRA) to analyze the solar energy production potential of the site, aiming to provide an accurate estimate of the SPP's annual energy production (AEP). The SRA will involve the systematic collection of "ground truth" meteorological data to reduce the uncertainty in the AEP estimates. Solar data will be gathered from reliable sources, including NASA, Vaisala, and Meteonorm, and where possible, on-site data will be used to refine the estimates. This combination of short-term site-specific data and long-term satellite-derived data will ensure the most accurate energy production estimates. The physical output for this activity is **Solar Resource Assessment (SRA) Database**, which includes detailed solar data and adjusted AEP estimates for the SPP site, reflecting the combined short-term and long-term data analysis.
- Based on the data collected during the Solar Resource Assessment (SRA), the Consultant will process and analyze the solar data to estimate the Annual Energy Production (AEP) of the SPP. Industry-standard modeling software, such as PVsyst, will be used to simulate the AEP, taking into account site-specific conditions like solar irradiance, shading, and panel performance. The results will be **incorporated into the Solar Resource Assessment (SRA) Database** of the SPP, which includes processed and

analyzed solar data, along with the simulated AEP estimates.

4.2. Market Study

The Market Study will assess the local and national energy landscape, identifying market demand, regulatory conditions, and competitive factors that influence the viability and sustainability of the solar PV project. The physical output of this study will be a **Market Study Report**, providing comprehensive insights and data supporting the project's feasibility and alignment with market trends.

- Analysis on supply and demand

The Consultant will conduct an analysis of the demand for solar power based on the "70%-20%-10%" policy, which segments supply into base load, mid-merit, and peaking. The analysis will assess the impact of mechanisms under R.A. 9513, such as the Renewable Portfolio Standard, Feed-in Tariff, Green Energy Option, and Distributed Generation, to determine the optimal Solar Power Plant (SPP) capacity. The Consultant will provide a detailed **Supply and Demand Report**, including data-driven insights and projections, as well as considerations of the competitive selection process (CSP), Retail Electricity Supply (RES), and any future regulations.

4.3. Technical Study

The Technical Study will assess the suitability of the project site, including area identification, right of way, and geotechnical conditions. It will involve energy modeling and estimating the annual energy production, as well as conducting a system or distribution impact study to evaluate any effects on the local grid. The study will also include a facilities asset assessment and the development of an engineering design for the solar PV system. Lastly, the Consultant will provide sound recommendations or advice regarding the bidding documents preparation for the EPC (Engineering, Procurement, and Construction) contract. The physical output for this activity is **Technical Study Report**.

- Area delineation and negotiation with concerned agencies

The Consultant will assess the identified land for the solar PV installation, focusing on evaluating accessibility, current site conditions, and land availability. This will help determine the final capacity of the project. A **Map of the Production Area**, clearly delineating the boundaries of the project site will be the physical output of this scope.

- Access and Transmission Line Right of Way (ROW)

The Consultant will evaluate the existing access routes to the site and identify potential transmission line routes for connecting the solar PV system to the grid. This includes assessing land ownership, legal requirements, and environmental considerations to determine the most feasible and cost-effective right of way (ROW) for the transmission lines. **Transmission Line Layouts**, presenting different routing alternatives for the transmission line, allowing for flexibility in selecting the optimal path based on the study's findings will be the physical output for this scope.

- Final modeling and annual energy production estimates

The Consultant shall conduct the final modeling of the Solar Power Plant (SPP) as soon as all required parameters, such as site-specific data, design specifications, and technical inputs, are confirmed. This activity aims to refine the initial Annual Energy Production (AEP) estimates to ensure accuracy and alignment with the finalized project configuration. The minimum physical output of the activity shall be the **final layout, single line diagram, equipment specifications and annual energy production (AEP) of the SPP**.

- Geotechnical Study

The Consultant will conduct a thorough geotechnical investigation to evaluate the soil mechanics and site conditions at the proposed location for the ground-mounted SPP. This study will provide critical data to inform the foundation design, ensuring that it can support the design loads and withstand environmental factors. The investigation will assess factors to ensure the long-term stability and performance of the foundation. Given the importance of the geotechnical conditions in the overall project success, the Consultant will emphasize the significance of early-stage geotechnical analysis to mitigate potential risks and ensure cost-effective foundation design. The physical output for this activity is a **Detailed Geotechnical Study Report** which includes site characterization, and recommendations for foundation design.

- System/Distribution Impact Study

The Consultant will conduct a comprehensive System/Distribution Impact Study (S/DIS) to evaluate the impact of the proposed SPP on the existing transmission and distribution systems. This study is required to assess the adequacy of the transmission system and its capacity to accommodate the additional power delivery service. The Consultant will ensure that the study includes a detailed analysis of the grid's ability to support the project, including identifying any potential grid reinforcements, and assessing the necessary changes or upgrades to the system.

The S/DIS report will provide critical recommendations, including the proposed connection scheme, any required grid reinforcements, and the establishment of asset boundaries between the SPP and the transmission network. The study will follow the procedures outlined in the Revised Rules, Terms, and Conditions for Open Access Transmission Service (OATS), specifically B15, to ensure compliance with regulatory requirements.

The physical output for this activity is a **Preliminary System/Distribution Impact Study Report** which includes the following:

- Recommended connection scheme for the SPP
- Identification of any required grid reinforcements or modifications
- Asset boundary determination
- Full documentation required for DOE clearance and compliance with Grid Code regulations

- Any costs associated with grid reinforcements and power delivery services.
- Facilities/Asset Study

If the System/Distribution Impact Study (S/DIS) indicates the need for new facilities or grid upgrades, the Consultant will conduct a Facilities/Asset Study in accordance with B14 of the Revised Rules, Terms, and Conditions for the provision of Open Access Transmission Service (OATS). The study will evaluate the necessary infrastructure, design, and resources to integrate the SPP into the existing transmission network, ensuring compliance with OATS regulations. The physical output for this activity is the **Facilities/Asset Study Report**.

- Bid documents preparation

This document outlines the detailed requirements, scope of work, technical specifications, and conditions for the Engineering, Procurement, and Construction (EPC) contract. It includes the project timeline, quality assurance measures, health and safety guidelines, contractual terms, and bid evaluation criteria. The TOR ensures that potential EPC contractors have a clear understanding of the project requirements, facilitating a transparent and competitive bidding process. It also provides the foundation for negotiating and finalizing the contract with the selected contractor, ensuring the project is executed efficiently and meets all technical, regulatory, and operational standards. It involves creating the **Terms of Reference (TOR) for the EPC Contract**, which will serve as the physical output.

- Conceptual Design

The Consultant will develop the conceptual design of the SPP based on the findings and results of the technical study. The conceptual design will include design specifications, layout plans, system components, and integration details. It will serve as the basis for the procurement and construction of the SPP facility, ensuring that the project meets all technical, regulatory, and operational requirements. A **conceptual design** will be the physical output for which it includes complete design specifications, technical drawings, and system integration plans.

4.4. Management Study

The Consultant will conduct a Management Study to assess the organizational structure and its effectiveness in supporting the SPP project. The study will evaluate whether the project's organizational setup is optimally designed, ensuring that functions are carried out efficiently at the lowest manpower level possible. Additionally, the study will analyze the potential net positive gains that society and the economy can derive from the project, considering its overall impact on local communities, employment, and economic growth. The physical output for this is the **Management Study Report**.

- Implementation strategy of the development and construction of the project

It involves studying the strategies used by commercially operating SPPs, with a focus on local SPPs and industry best practices. The lessons learned from these projects will be analyzed to inform the development of an effective implementation strategy for the new SPP. This will ensure that the project follows proven methods for successful execution. The physical output of this study will be a **Gantt Chart** detailing the work plan for the project over the **development timeline of Development/Commercial Stage (DCS)**, highlighting key milestones and tasks.

4.5. Social and Environmental Study

The Consultant will conduct a Socio-Economic and Environmental Study to assess the project's feasibility in delivering sustainable economic and social benefits while ensuring compliance with environmental regulations. The study will evaluate the project's economic profitability, its potential to generate net positive socio-economic gains, and its impact on local communities, employment, and economic growth. It will also identify and recommend measures to mitigate any adverse environmental, gender and social impacts, promoting sustainability throughout the project lifecycle.

As part of this scope, the Consultant will provide inputs on permitting requirements, including applications and compliance documentation for regulatory approvals. This will cover permits from concerned agencies such as the Department of Environment and Natural Resources (DENR)—including Environmental Compliance Certificate (ECC) and Certificate of Non-Coverage (CNC)—as well as permits from the National Commission on Indigenous Peoples (NCIP)—including Certificate of Non-Overlap, Certification Pre-condition, and other applicable permits, if required.

The physical output of the activity is a **Socio-Economic and Environmental Study Report**, along with **inputs on permitting requirements**, including checklists and documentation for submissions to concerned agencies.

4.6. Financial Study

The Consultant will conduct a Financial Study to evaluate the economic viability and financial performance of the SPP. A comprehensive financial model will be developed to analyze the project's feasibility under the base case and multiple scenarios. Key financial indicators such as Weighted Average Cost of Capital (WACC), Equity Internal Rate of Return (EqIRR), Financial Internal Rate of Return (FIRR), Economic Internal Rate of Return (EIRR), Net Present Value (NPV), and payback period will be assessed. The physical output for this activity is the **Financial Study Report**.

- Financial modelling

The financial model will incorporate assumptions aligned with financing institution standards and Department of Energy (DOE) requirements. It will account for all applicable incentives and simulate various scenarios, including a **10% cost overrun**, **10% benefit shortfall**, and a combination of both, ensuring sensitivity analysis to evaluate potential risks. The physical output of the activity is a **Detailed Report for Financial Modelling**, which will include scenario-based financial indicators, assumptions, cash flow projections, incentives considered, and sensitivity analyses.

5. Deliverables

The Consultant shall ensure that the following deliverables are provided to PNOC, with physical copies submitted as the official records and electronic copies as advance submissions. Any subsequent corrections or changes deemed necessary by PNOC, including all resulting costs and delays, shall be the sole responsibility of the Consultant. PNOC reserves the right to reproduce any reports, drawings, or documents received from the Consultant as may be required for project purposes. The Consultant shall deliver all required outputs specified in **Section 4: Scope of Works** within the agreed timelines as shown in **Section 6: Commencement Date and Period of Implementation**, ensuring completeness, accuracy, and compliance with the Terms of Reference. Deliverables under each scope—**Concept Study, Market Study, Technical Study, Management Study, Social and Environmental Study, and Financial Study**—must be submitted in advance, where applicable, to allow sufficient time for PNOC’s review, evaluation, and approval. All final reports, supporting documentation, and permitting requirements shall be completed and submitted before the conclusion of the consultancy contract.

The Consultant is expected to perform its obligations with the highest level of professionalism, diligence, and efficiency, ensuring compliance with PNOC’s quality standards and timelines.

5.1. Physical Output/s of each activity

- Concept Study
 - ✓ Concept Study Report
 - Preliminary layout, single-line diagram, general specifications, and an initial annual energy production estimate
 - ❖ Solar Resource Assessment (SRA) Database
- Market Study
 - ✓ Market Study Report
 - Supply and Demand Report
- Technical Study
 - ✓ Technical Study Report
 - Map of the Production Area
 - Transmission Line Layouts
 - Final layout, single line diagram, equipment specifications and annual energy production (AEP) of the SPP.
 - Detailed Geotechnical Study Report
 - Preliminary System/Distribution Impact Study Report
 - Facilities/Asset Study Report
 - Terms of Reference (TOR) for the EPC Contract
 - Conceptual Design of the SPP (please refer to Item 10)
- Management Study

 - Detailed Report for Financial Modelling

6. Commencement Date and Period of Implementation

The commencement date of the Project shall be upon receipt of the **Notice to Proceed (NTP)**. The duration of the consultancy services for the preparation of the **Detailed Feasibility Studies (DFS)** shall be **one-hundred forty (140) calendar days** from the receipt date of the Notice to Proceed.

The bidder shall have the sole discretion to propose a shorter implementation period in its submission, provided that the delivery of outputs stated in Section 5 is within a timeline shorter than the prescribed one-hundred forty (140) calendar days from the date of receipt of the Notice to Proceed. The proposed shortened duration shall be taken into account in the scoring of the bid evaluation, as provided in Section 9.

7. Payment Terms

Milestone payments will be adopted where the payment shall be released upon reaching the specific project milestone, to ensure that these conform to the requirements set for the purpose.

The payments are subject to the usual government accounting and auditing requirements. Hence, the Consultant is expected to be familiar with the Government Accounting and Auditing Manual (GAAM).

Project Milestone*	Percentage of Payment	Billing Period
Submission and acceptance of concept study	10%	28 calendar days from NTP
Submission and acceptance of market study	10%	84 calendar days from NTP
Submission and acceptance of technical study	15%	84 calendar days from NTP
Submission and acceptance of financial study	15%	84 calendar days from NTP
Submission and acceptance of management study	10%	112 calendar days from NTP
Submission and acceptance of social and environment study	10%	112 calendar days from NTP
Submission and acceptance of detailed feasibility study	30%	140 calendar days from NTP

8. Minimum Expertise Requirements

Bids exceeding the identified Approved Budget for the Contract (ABC) will automatically be disqualified. The selection of the Consultant will be based on:

8.1. Experience and track record in similar projects

- Bidders must have a proven track record of three (3) years in conducting feasibility studies for energy-related projects.
- Bidders must have completed ground-mounted solar PV feasibility study with a minimum total aggregate installed capacity of 1 MWp.

8.2. Technical expertise and key personnel

The Consultant shall employ and certify the competency of the following **minimum key personnel** dedicated to the preparation of the **Detailed Feasibility Studies (DFS)**:

PERSONNEL	QTY	QUALIFICATIONS	EXPERIENCE
Project Lead	1	Shall be Licensed Electrical, Civil, or Mechanical Engineer	<ul style="list-style-type: none"> Minimum five (5) years' experience in managing feasibility studies or renewable energy projects. Completed at least three (3) consultancy contracts for solar PV projects.
Electrical Lead Design Engineer	1	Shall be Licensed Electrical Engineer	<ul style="list-style-type: none"> Minimum five (5) years' experience in solar PV system design, modeling, and technical evaluation, including energy yield analysis and system optimization.
Financial Analyst	1	Bachelor's degree in Finance, Economics, or related field	<ul style="list-style-type: none"> Minimum three (3) years' experience in financial modeling or feasibility assessments.
Environmental Specialist	1	Bachelor's degree in Environmental Science, Engineering, or related field	<ul style="list-style-type: none"> Minimum three (3) years' experience in environmental impact assessments and permitting, including work with DENR compliance and environmental clearances.
Geotechnical Engineer	1	Shall be Licensed Civil Engineer or Geologist	<ul style="list-style-type: none"> Minimum three (3) years' experience in geotechnical investigations and foundation assessments, preferably for renewable energy or infrastructure projects.
Social Development Expert	1	Bachelor's degree in Social Sciences, Development Studies, or related field	<ul style="list-style-type: none"> Minimum three (3) years' experience in socio-economic impact assessments, stakeholder engagement, or community development.

The Consultant may nominate the personnel in dual positions, except for the Project Manager, for as long as they are qualified and capable of doing multiple tasks and with the assurance that it can deliver the work on time without compromising the quality. The Consultant shall ensure that all assigned personnel possess the required qualifications and expertise to deliver high-quality outputs as specified in the Terms of Reference. Any replacement of personnel shall be subject to PNOC's prior approval.

9. Evaluation of Bids

The technical and financial proposals of the shortlisted bidders shall be evaluated using the Quality-Cost Based Evaluation according to pertinent provisions of RA 9184. The rating breakdown shall be as follows:

Criteria/ Particulars	Maximum number of points that could be awarded to a bid
-----------------------	---

I. Technical Proposal	85
Consultant qualification (Firm and Experts' Qualification)	50
Technical proposal (Approach and Methodology, Work Plan, Organization and Staffing)	35
II. Financial Proposal	15
Total	100

Technical Proposal Evaluation – 85 points

Shortlisted bidders shall provide documents that would present and/or prove their technical experience, approach, and methodology on all technical and cost parameters detailing professional inputs and time requirements.

Consultant qualification – 50 points

Criteria/ Particulars	Maximum number of points that could be awarded to a bid
I. Applicable Years of Experience and Track Record of the Consultancy Firm	15
Firm experience	5
Track record in the conduct of similar studies/projects*	5
Client Satisfaction survey and references	5
II. Qualification of Personnel to be assigned to the Project	30
Relevant Professional Degrees	5
Cumulative years of experience	15
Specialized professional trainings	5
Previous engagement in consultancy projects	5
III. Current Workload Relative to Capacity	5
Number of ongoing projects	5
Total	50

*Similar studies/projects: Consultancy services related to ground-mounted solar PV projects or the development of ground-mounted solar PV projects

Rating Criteria for the Consultancy Firm (15 points)

Bidders that meet the minimum requirements as stated in **Section 8** shall be rated based on the following:

Criteria	Unit of Measure	Points		
		3	4	5
Firm Experience	Number of years	3	4 to 5	>5
Track record in the conduct of similar studies/projects	Aggregate Capacity of Ground-Mounted Solar PV Contracts (in MWp)	1	2 to 5	>5

Client Satisfaction Survey/References	Number of surveys/references with satisfactory rating	1 client	2 to 3 distinct clients	>3 distinct clients
---------------------------------------	---	----------	-------------------------	---------------------

Rating Criteria for the Personnel to be Assigned in the Project (30 points)

The nominated experts shall be rated in three (3) areas: education, experience, and involvement with Solar PV projects. The rating of each bid for each area shall be the average rating of all experts identified in the bid. A rating of 0 points in any of the areas for any identified expert means the automatic disqualification of the bid.

A. Relevant Professional Degrees - 5 Points

Criteria	Unit of Measure	Points		
		3	4	5
Relevant Professional Degree	Highest Level of Educational Attainment	BS	MS	PhD

- *Nominated experts who do not have a degree in the field as specified in 8.2 shall be given 0 points.*
- *Nominated experts with master's and/or doctorate degrees shall be rated according to the highest level they attained in the field as specified in 8.2*

e.g., if a nominated expert has a doctorate, but only their bachelor's and master's degree are in the field as specified in 8.2, then their rating would be 3 or 4

- *If a nominated expert, despite having a non-related bachelor's degree, has a master's and or doctorate that is/are related to the field as specified in 8.2, then they shall be rated according to the highest level they attained in the field as specified in 8.2.*

e.g., if a nominated expert has a bachelor's degree that is not compliant to what is specified in 8.2, but has a doctorate that is compliant, then their rating would be 5

B. Cumulative Years of Experience - 15 Points

Criteria	Unit of Measure	Points	
		10	15
Project Lead	Number of years of professional experience	5	>5
Electrical Lead Design Engineer		5	>5
Financial Analyst		3	>3
Environmental Specialist		3	>3
Geotechnical Engineer		3	>3
Social Development Expert		3	>3

- The overall points for cumulative years of experience will be calculated as average of the individual points of key personnel.

C. Specialized Professional Trainings - 5 Points

Criteria	Unit of Measure	Points		
		3	4	5
Project Lead	Number of trainings attended	2	3 to 4	>4
Electrical Lead Design Engineer		1	2 to 3	>3
Financial Analyst		1	2 to 3	>3
Environmental Specialist		1	2 to 3	>3
Geotechnical Engineer		1	2 to 3	>3
Social Development Expert		1	2 to 3	>3

- The overall points for the specialized professional trainings will be calculated as average of the individual points of key personnel.
- Only training relevant to the respective roles will be considered.

D. Previous Engagement in Consultancy Projects - 5 Points

Criteria	Unit of Measure	Points	
		3	5
Project Lead	Number of completed consultancy contract for Solar PV Projects	3	>3

- The overall points for previous engagement in consultancy projects will be calculated as average of the individual points of key personnel.

Rating criteria for Current Workload Relative to Capacity (5 points)

Team Availability - 5 Points

For this criterion, bidders shall be rated based on their number of ongoing consultancy projects. The bidder handling the fewest projects will receive the highest point of 5points, and the second fewest receiving 4 points, and so on.

Technical Proposal – 35 points

The technical proposal shall have and will be evaluated based on the following components:

1. Technical Approach and Methodology - 10 points

This part covers the understanding of the objectives of the assignment, the approach to the services, the methodology for carrying out the activities and obtaining the required outputs, and the degree of detail of said outputs.

In this component, the bidder shall highlight the problems being addressed and their importance and explain the technical approach they would adopt to address them. As to the technical approach, they are to present the methodologies they would adopt and highlight the compatibility of the same to the technical approach they are adopting.

Technical Approach and Methodology		
Rating	Points	Description
Very Good	10	In addition to the description under 'good', the proposed technical approach and methodology present an efficient and effective way to address the work outlined in this Terms of Reference, an indication that the bidder understood the scope of work outlined in the assignment. The submission illustrates that the bidder has an excellent level of knowledge on the assignment and its surrounding conditions, and a firm grasp of solutions founded on state-of-the-art approaches and knowledge.
Good	7	The proposed technical approach and methodology is discussed in detail and is specifically tailored to the scope of work outlined in this Terms of Reference. The submission is flexible enough to allow it to adapt to changes that may occur during the course of the engagement.
Fair	5	Only a general discussion of the proposed technical approach and methodology was provided by the bidder. The submission, despite being adequate, does not specifically address the requirements as outlined in this Terms of Reference.

2. Work Plan - 20 points

This segment contains the proposed main activities, their content and duration, phasing and interrelations, milestones (including interim approvals from PNOC), and delivery dates of the reports.

The proposed work plan should be consistent with **Section 5: Deliverables**, showing an understanding of the TOR and the ability to translate the same into a feasible work plan. A list of the final documents, including reports, drawings, and tables to be delivered as final output, should be included in this component.

Work Plan		
Rating	Points	Description
Very Good	20	In addition to the description under 'good', the decision points, sequence, and timing of activities are well-defined, indicating that the bidder has optimized the use of resources.

		In comparison to the other proposals, the work plan outlines the earliest submission of the Detailed Feasibility, while still adhering to the prescribed timeline of the TOR.
Good	15	<p>The work plan responds well to the requirements of the TOR and is sufficiently explained to facilitate an understanding of the proposed work plan.</p> <p>All of the important activities are indicated in the activity schedule and the timing for the same is consistent with assignment outputs. The interrelation among the various activities is realistic and consistent with the proposed approach.</p>
Fair	10	<p>All key activities are included but are not explained in detail. Minor inconsistencies are present among the timing, assignment outputs, and the proposed approach.</p> <p>In comparison to the other proposals, the work plan outlines the latest submission of the Detailed Feasibility, while still adhering to the prescribed timeline of the TOR.</p>

3. Organization and Staffing - 5 points

The proposed structure and composition of the team, with each member's tasks and responsibilities being described.

Organization and Staffing		
Rating	Points	Description
Very Good	5	In addition to the description under 'Good', the proposed organization and staffing is integrated, clearly shows lines of responsibility, and contains a detailed discussion proving that the bidder has optimized the deployment of the identified experts.
Good	4	The proposed organization and staffing schedule is complete and complemented with a detailed description of duties and responsibilities for each identified expert. Staffing is consistent with both timing and assignment outputs.
Fair	3	The proposed organization and staffing schedule, along with the description of duties and responsibilities for each identified expert, are adequate but could benefit from additional detail and clarity to fully meet the requirements of the TOR. While the bidder's organization and staffing arrangement shows potential, there are concerns about the ability to deliver the required outputs effectively within the prescribed period of the assignment.

Financial Proposal Evaluation – 15 points

Bidders who quoted a Financial Bid more than the ABC shall be rejected/disqualified.

All ABC-compliant bids shall be ranked, with the lowest bid ranking first and getting the full rating of 15. Rating for other bids (Bidder N) shall be determined using the following formula:

$$\frac{\text{Lowest Financial Bid}}{\text{Financial Bid of Bidder N}} \times 15$$

PNOC shall not be bound to accept the lowest or any other Bid or to assign any reason for non-acceptance or rejection of a bid. PNOC reserves the right to accept any bid in respect of the whole or any portion of the work specified in the submitted bid.

10. Design Drawings

The design drawings must be detailed, accurate, and sufficient to illustrate the engineering concept, structural layout, and electrical configuration of the proposed solar PV system. Drawings shall be submitted in A3 size format and in both physical and electronic copies.

The Consultant shall include the following preliminary design sheets, as applicable:

Sheet	Content
Cover Page	Project Title
G / 1	List of Drawings, Legend and General Notes
G / 2	Project Location Map, Site Development Plan, Project Site Conditions and Technical Features
E / 1	Transmission Line Layout and Tapping Point Connection Details
E / 2	Single Line Diagram (SLD) Showing Grid Interconnection, Inverters, and Transformers
E / 3	Load Flow and Voltage Drop Calculations for AC and DC Circuits
E / 4	Control and Monitoring System Topology
E / 5	Solar PV Array Stringing Plan and Electrical Configuration of Modules and Combiner Boxes
E / 6	DC, AC and Communication Cable Routing Details
E / 7	Proposed Grounding System Location and Wiring
E / 8	CT and Metering Installation
E / 9	Lightning Arrester and Surge Protection Layout
S / 1	Structural Layout of Solar PV Array Mounting System and Foundation Details
S / 2	Substation, Control Room, and Inverter Station Layout and Foundation Plans
S / 3	Access Roads, Perimeter Fencing, and Security Features
S / 4	Drainage and Flood Control Plans
S / 5	Structural Calculations and Geotechnical Considerations for Foundations and Mounting Structures
S / 6	Environmental Protection and Safety Plan for the Project Site

11. Meetings and Progress Reports

The Consultant shall submit progress reports to PNOC on a monthly basis. These reports shall provide a comprehensive update on the status of the Detailed Feasibility Study (DFS) and its associated components. The reports must include the following details:

- 12.1. **Program of Work** – A clear schedule of all DFS-related tasks, utilizing project management tools to track milestones and timelines for each component (market study, technical, social/environmental, and financial studies).
- 12.2. **Data Collection Status** – A status report on the deliverables and documentation for each study, including data collection, analysis progress, and expected submission dates.
- 12.3. **Accomplishment Report** – A summary of completed tasks, milestones made, and any delays or issues encountered, along with mitigation plans to address delays or slippage

TECHNICAL PROPOSAL FORMS

Notes for Consultants

The following summarizes the content and maximum number of pages permitted for the Technical Proposal. A page is considered to be one printed side of A4 or letter sized paper.

Cover Letter

Use TPF 1. Technical Proposal Submission Form.

Experience of the Firm

Maximum of *[insert acceptable number of pages]* introducing the background and general experience of the Consultant, including its partner(s) and subconsultants, if any.

Maximum of *[insert acceptable number of pages]* completed projects in the format of TPF 2. Consultant's References illustrating the relevant experience of the Consultant, including its partner and subconsultants, if any. No promotional material should be included.

General approach and methodology, work and staffing schedule

[Date]

[Name and address of the Procuring Entity]

Ladies/Gentlemen:

We, the undersigned, offer to provide the consulting services for *[Title of Project]* in accordance with your Bidding Documents dated *[insert date]* and our Bid. We are hereby submitting our Bid, which includes this Technical Proposal, and a Financial Proposal sealed under a separate envelope.

In accordance with **ITB** Clause 21.1, we confirm that the information contained in the eligibility documents submitted earlier together with the Expression of Interest remain correct as of the date of bid submission.

If negotiations are held during the period of bid validity, *i.e.*, before *[insert date]*, we undertake to negotiate on the basis of the proposed staff. Our Bid is binding upon us and subject to the modifications resulting from contract negotiations.

In accordance with **GCC** Clause 51, we acknowledge and accept the Procuring Entity's right to inspect and audit all records relating to our Bid irrespective of whether we enter into a contract with the Procuring Entity as a result of this Bid or not.

We understand you are not bound to accept any Bid received for the selection of a consultant for the Project.

We acknowledge that failure to sign this Technical Proposal Submission Form and the abovementioned Financial Proposal Submission Form shall be a ground for the rejection of our Bid.

We remain,

Yours sincerely,
