- 21.4 Alternative Bids shall be rejected. For this purpose, Alternative Bid shall pertain to an offer made by a Bidder in addition or as a substitute to its original bid, which may be included as part of its original bid or submitted separately. A bid with options shall likewise be considered an Alternative Bid regardless of whether said bid proposal is contained in a single envelope or submitted in two (2) or more separate bid envelopes.

- 21.5 Each Bidder shall submit only one Bid, either individually or as a partner in a JV. Bidder who submits or participates in more than one bid (other than as a subcontractor if a subcontractor is permitted to participate in more than one bid) will cause all the proposals with the Bidder’s participation to be disqualified. This shall be without prejudice to any applicable criminal, civil and administrative penalties that may be imposed upon the persons and entities concerned.

22) Opening and Preliminary Examination of Bids

- 22.1 The BAC shall open the bids in public, immediately after the deadline for submission and receipt of bids, as specified in the **BDS**. In case the Bids cannot be opened as scheduled due to justifiable reasons, the BAC shall take custody of the submitted Bids and reschedule the opening of Bids on the next working day or at the soonest possible time, through the issuance of a notice of postponement to be posted on the PhilGEPS website and the website of the Procuring Entity concerned.

- a) For LCRB and MEARB, the BAC shall open the technical and financial proposals on the same day; and

- b) For MARB, only the technical proposals shall be opened on the same day while the financial proposals shall remain unopened and shall be kept securely by the BAC until the specified time of their opening as indicated in the **BDS**. E. Evaluation and Comparison of Bids

23) Process to be Confidential

- 23.1 Members of the BAC, its staff and personnel, Secretariat, and TWG, as well as Observers, are prohibited from making or accepting any communication with any Bidder regarding the evaluation of their bids until the issuance of the Notice of Award, unless otherwise allowed in ITB Clause 24.
- 23.2 Any effort by a Bidder to influence the Procuring Entity in its decision in respect of bid evaluation, bid comparison or contract award will result in the rejection of the bid.

24) Clarification of Bids

To assist in the evaluation, comparison, and post-qualification of the bids, the Procuring Entity may ask in writing any Bidder for a clarification of its bid. All responses to requests for clarification shall be in writing. Any clarification submitted by a Bidder in respect to its bid that is not in response to the request of the Procuring Entity shall not be considered.

25) Domestic Preference

- 25.1 The Procuring Entity shall give priority and preference to Philippine products and services. The preference and priority for Philippine products shall be guaranteed at all levels of the procurement process, including raw materials, ingredients, supplies, or fixtures.
- 25.2 For a period of ten (10) years from the effectivity of RA No. 11981 or the "*Tatak Pinoy* (Proudly Filipino) Act," and for Philippine products and services in sectors

and economic activities covered by the prevailing *Tatak Pinoy* Strategy, the Procuring Entity is mandated to award the contract to the domestic Bidder for Philippine products and services in sectors and economic activities covered by the prevailing *Tatak Pinoy* Strategy (TPS).

Domestic Bidder, for purposes of this provision, refers to any person or entity offering unmanufactured articles, materials, or supplies grown or produced in the Philippines, or manufactured articles, materials, or supplies manufactured or to be manufactured in the Philippines substantially from articles, materials, or supplies that are or will be produced or manufactured in the Philippines, as the case may be.

- 25.3 After the said ten-year period, the domestic preference shall be subject to a margin of preference to be determined by the *Tatak Pinoy* Council which shall not be lower than fifteen percent (15%).
- 25.4 For products and services governed by the TPS, the domestic preference in procurement shall be in accordance with the IRR or guidelines issued for the *Tatak Pinoy* Act.
- 25.5 The Procuring Entity shall award the Project to the domestic Bidder if the bid is not more than twenty-five percent (25%) in excess of the lowest foreign bid. The margin of preference provided herein shall be subject to periodic review and adjustment by the GPPB, as may be necessary.
- 25.6 A Domestic Bidder can only claim preference if it secures from the appropriate agency a certification that the articles forming part of its bid are substantially composed of articles, materials, or supplies grown, produced, or manufactured in the Philippines.
- 25.7 The preference herein established may be waived should any of the following conditions be present as provided in the **BDS**:
 - a) Where domestic production is insufficient or unavailable in the required commercial quantities;
 - b) Where the specific or desired quality is not met;
 - c) Where domestic preference will result in inconsistencies with the Philippines' obligations under treaty or international or executive agreements; or
 - d) Other analogous circumstances.

26) Detailed Evaluation and Comparison of Bids

- 26.1 The Procuring Entity's evaluation of bids shall be based on the bid price quoted in the Bid Form, which includes the Price Schedule.
- 26.2 The Procuring Entity will undertake the detailed evaluation and comparison of the bids which have passed the opening and preliminary examination of bids, pursuant to ITB Clause 22, to determine the Lowest Calculated Bid (LCB), Most Economically Advantageous Bid (MEAB), and Most Advantageous Bid (MAB).
- 26.3 The award criterion shall be determined as follows:

- a) For LCB
 - i) The detailed evaluation of the financial component of the bids, to establish the correct calculated prices of the bids; and
 - ii) The ranking of the total bid prices as so calculated from the lowest to the highest, where the bid with the lowest price shall be identified as the Lowest Calculated Bid.
- b) For MEAB, the BAC shall evaluate the quality and price proposals to determine the Most Economically Advantageous Bid (MEAB) using the following steps:
 - i) The quality proposal together with the price proposal shall be considered in the evaluation of bids. The quality proposals shall be evaluated first using the criteria in the **BDS**. The price proposals of the bids that meet the minimum quality score shall then be opened.
 - ii) The price and quality proposals shall be given corresponding weights with the price proposal given a minimum weight of fifteen percent (15%) up to a maximum of forty percent (40%). The weight of the quality criteria shall be adjusted accordingly such that their total weight in percent together with the weight given to the price proposal shall be equal to one hundred percent (100%).
 - iii) To further promote green public procurement, the sustainability of products, or materials with green specifications shall be given greater weight in the evaluation of bids. As approved by the BAC, the exact weights shall be indicated in the **BDS**. The BAC shall rank the Bidders in descending order based on the combined numerical ratings of their quality and price proposals. The Bidder with the best overall score using the quality-price ratio shall be referred to as the MEAB.
 - iv) The HoPE shall approve or disapprove the recommendations of the BAC within two (2) calendar days after receipt of the results of the evaluation from the BAC.
- c) For MAB
 - i) BAC shall evaluate the quality proposals to determine the MAB using the quality components. The quality components shall be assessed on the basis of the criteria with corresponding numerical weights indicated in the **BDS** to determine the Bidder with the highest technical rating.
 - ii) The second bid envelope of the Bidder obtaining the highest technical rating shall be opened. If the financial proposal is equal to or lower than the ABC, the bid shall be accepted and determined as the MAB; otherwise, the same shall be rejected and the Bidder will be disqualified.

26.4 In order to eliminate bias in evaluating the quality proposals, it is recommended that the highest and lowest scores for each Bidder for each criterion shall not

be considered in determining the average scores of the Bidders, except when the evaluation is conducted in a collegial manner.

26.5 The BAC shall immediately conduct a detailed evaluation of all bids using non-discretionary criteria in considering the following:

- a) Completeness of the bid. Unless the **BDS** allows partial bids, bids not addressing or providing all of the required items in the **BDS**, shall be considered non-responsive and, thus, automatically disqualified.

However, when no price or a zero (0) or a dash (-) is indicated in a required item in the bid form, the same shall be construed that it is being offered for free to the Government, except those required by law or regulations to be provided for; and

- b) Arithmetical corrections. The BAC shall apply arithmetical corrections on computational errors and omissions to enable proper comparison of all eligible bids. Bid corrections may also be considered if expressly allowed in the **BDS**. Any adjustment shall be calculated in monetary terms to determine the calculated prices.

26.6 Based on the detailed evaluation of bids, those that comply with the above-mentioned requirements shall be ranked in the ascending order of their total calculated bid prices, as evaluated and corrected for computational errors, discounts and other modifications, to identify the LCB, MEAB, or MAB. Total calculated bid prices, as evaluated and corrected for computational errors, discounts and other modifications, which exceed the ABC shall not be considered, unless otherwise indicated in the **BDS**.

26.7 The BAC shall evaluate all bids on an equal footing to ensure fair and competitive bid comparison. For this purpose, all Bidders shall be required to include in their bids the cost of all taxes, such as, but not limited to, value added tax (VAT), income tax, local taxes, and other fiscal levies and duties, whichever is applicable, as itemized in the bid form and reflected in the detailed estimates. Such bids, including said taxes, shall be the basis for bid evaluation and comparison.

26.8 If so indicated pursuant to ITB Clause 1.2, bids may be submitted for individual lots or for any combination thereof, provided that all bids and combinations of bids shall be received by the same deadline and opened and evaluated simultaneously so as to determine the Bid or combination of Bids offering the lowest calculated cost to the Procuring Entity. Bid prices quoted shall correspond to all items specified for each lot and to all quantities specified for each item of a lot. Bid Security as required by ITB Clause 16 shall be submitted for each contract (lot) separately. The basis for evaluation of lots is specified in **BDS** Clause 26.5.

26.9 In order to eliminate bias in evaluating the quality proposals, it is recommended that the highest and lowest scores for each Bidder for each criterion shall not be considered in determining the average scores of the Bidders, except when the evaluation is conducted in a collegial manner.

27) Post-Qualification

- 27.1 The BAC shall determine to its satisfaction whether the Bidder that is evaluated as having submitted the LCB, MEAB, or MAB as the case may be, complies with and is responsive to all the requirements and conditions specified in ITB Clauses 5, 12.1, and 12.2. The Bidder, within five (5) calendar days from receipt of notice from the BAC that it submitted the LCB, MEAB, or MAB shall submit all the eligibility documents supporting its PhilGEPS Certificate of Registration (Platinum Membership), its latest income and business tax returns filed for the preceding quarter which should not be earlier than two (2) quarters from the date of submission and receipt of bid, and other appropriate licenses and permits required by law and stated in the **BDS**.
- 27.2 Failure to submit any of the post-qualification requirements on time, or a finding against the veracity thereof, shall disqualify the Bidder for award; Provided, That in the event that a finding against the veracity of any of the documents submitted is made, it shall cause the forfeiture of the Bid Security.
- 27.3 The determination shall be based upon an examination of the documentary evidence of the Bidder's qualifications submitted pursuant to ITB Clauses 12.1 and 12.2, as well as other information as the Procuring Entity deems necessary and appropriate, using a non-discretionary "pass/fail" criterion, which shall be completed within a period of twelve (12) calendar days.
- 27.4 If the BAC determines that the Bidder with the LCB, MEAB, or MAB fails to meet the post-qualification criteria, it shall immediately notify the said Bidder in writing of its post-disqualification and the grounds for such determination.
- 27.5 Immediately after the BAC has notified the first Bidder of its post-disqualification, and notwithstanding any pending request for reconsideration thereof, the BAC shall initiate and complete the same post-qualification process on the Bidder with the second LCB, MEAB, or MAB. If the second Bidder passes the post-qualification and the request for reconsideration of the first Bidder has been denied, the second Bidder shall be post-qualified as the Bidder with the LCB, MEAB, or MAB.
- 27.6 If the second Bidder, however, fails the post-qualification, the procedure for post-qualification shall be repeated for the Bidder with the next LCB, MEAB, or MAB—and so on, until the LCRB, MEARB, MARB, as the case may be, is determined for award, subject to the procedure of Notice and Execution of Award.
- 27.7 If the BAC determines that the Bidder with the LCB, MEAB, or MAB passes all the criteria for post-qualification, it shall declare the said bid as the LCRB, MEARB, MARB, SCRB, SEARB, or SARB.
- 27.8 Within a period not exceeding ten (10) calendar days from the determination and declaration through a resolution by the BAC of the LCRB, MEARB, MARB, SCRB, SEARB, or SARB, as the case may be, and the recommendation of the award, the HoPE or its duly authorized representative shall approve or disapprove the said recommendation.
- 27.9 In case of approval, the HoPE or its duly authorized representative shall immediately issue the Notice of Award to the Bidder with the LCRB, MEARB, MARB, SCRB, SEARB, or SARB, as the case may be.

As soon as practicable after receipt of the Supplier's notice, and upon causes provided for under **GCC** Clause 23, the Procuring Entity shall evaluate the situation and, if warranted, extend the Supplier's time for performance, in which case the extension shall be ratified by the parties by amendment of Contract.
- 18.3 Except as provided under **GCC** Clause 23, any delay by the Supplier in the performance of its obligations shall render it liable to the imposition of liquidated damages pursuant to **GCC** Clause 19, unless an extension of time is agreed upon pursuant to **GCC** Clause 28.

Such amount shall be deducted from any money due, or which may become due the supplier, manufacturer, or distributor, or collected from any securities or warranties posted by the supplier, manufacturer, or distributor, whichever is convenient to the Procuring Entity. In case the total sum of liquidated damages reaches ten percent (10%) of the total contract price, the Procuring Entity may rescind the contract and impose appropriate sanctions over and above the liquidated damages to be paid.
- 19.3 If delays are likely to be incurred beyond its control, the supplier, manufacturer, or distributor shall promptly notify the Procuring Entity in writing, providing details of the causes and duration of the expected delay. The Procuring Entity may, at its discretion, grant a time extension based on meritorious grounds, with or without the imposition of liquidated damages.

1	Supply, Delivery, Installation and Commissioning of Human Resource Information and Payroll System (HRIPS) <i>(Please see below Terms of Reference)</i>	

TERMS OF REFERENCE

I. BACKGROUND

In line with the implementation of the Philippine National Oil Company's (PNOC) strategic objectives, it aims to streamline and institutionalize digital transformation across all key business processes.

In view thereof, the agency needs to procure a Human Resource Information and Payroll System (HRIPS) that applies to government processes, to effectively and efficiently deliver accurate and accessible processing of PNOC human resources data. The system will be used by the Head Office and its off-site Offices in Batangas and Bataan.

II. SCOPE, COVERAGE, AND DELIVERABLES

The integrated Human Resource Information and Payroll System (HRIPS) shall primarily support and automate the existing processes of PNOC’s Personnel Services Division, ensuring full compliance with the latest policies and regulations of the Philippine Civil Service Commission (CSC) or equivalent regulatory agencies. The system shall likewise serve as a

preliminary action to enable PNOC to effectively transition from the laborious manual timekeeping and attendance monitoring, which offers slow processing time and low accuracy, to a digitized and fully automated process of personnel information.

The HRIPS project shall cover all items stipulated in these Terms of Reference, including cloud-based software installation, configuration, and implementation, software customization and development, data conversion and migration, users' training, and other related project components.

The component for the HRIPS shall have the following coverage:

1. The system must be user-friendly, such as, but not limited to, timekeeping and payroll.
2. The system shall have a human resource module that will easily generate bank-ready payroll, benefits, and compensation schedule/payments of the employees.
3. The system shall ensure seamless integration with open-source technologies, providing robust compatibility and flexibility within the technological ecosystem. It must fully support open-source databases, frameworks, and tools to enhance interoperability and system extensibility. It should be able to integrate and must be compatible with existing Biometrics, HR workflow, and Accounting System (see Section A for the requirements).
4. The system must be capable of being accessed and responsive using modern desktops, latest versions across different web-based browsers and devices with mobile-responsive design.
5. The system must be capable of role-based access for the system users.
6. The system must be capable of comprehensive search features to filter records. The filtered records and reports must also be exportable to, but not limited to, common formats such as CSV, Macro, Excel, and PDF.
7. The system must provide concurrent access to an unlimited number of users. There should be no restrictions on how many authorized users may use the system.
8. The system must have a facility to allow dashboards to show quick access to data and notifications. Dashboard information must be updated to reflect real-time data.
9. The system shall include a dedicated management-level dashboard that provides quick reports and statistics while allowing the management of access rights and security through role-based access controls.
10. The system must be able to audit trail/record all transactions, insertions, and modifications for transparency and accountability. Audit logs must be tamper-proof, with each entry capturing the user ID, timestamp, action performed, affected modules, historical values, and IP address.
11. The system must contain all relevant Human Resource data for PNOC employees before the final testing and acceptance of the system.

III. EMPLOYEES DATA CONVERSION, MIGRATION, AND STORAGE

For the proposed HRIPS solution, the technical requirements related to data conversion, migration, and storage are as follows:

1) Scope of the Data Conversion and Migration

- The coverage of the data conversion and migration of employees' data is as follows:
 - a) “Active” Employees
 - Employee demographic information
 - Employment details/Service records
 - Compensation and benefits records
 - Performance management and evaluations
 - Training and development records
 - Attendance and timekeeping
 - HR Administrative and legal documents
 - Employee Exit Data (for former employees)
 - Other Relevant Records
 - b) Separated Employees
 - Basic Personal Information
 - Employment History
 - Compensation and Benefits Data
 - Performance Records (if relevant/needed)
 - Legal and Compliance Documents
 - Training and Development Records
 - Exit Interview and Offboarding Data
 - Grievances or Disciplinary Records (if relevant/needed)
 - c) Historical data cut-off

The scope of the historical data for both active and separated employees should include the last five years to the present year through data migration.

2) Data Conversion and Migration

- The system must support migrating and converting existing employee data from electronic formats and physical paper files into the system's database.
- Data sources include, but are not limited to, employee profiles, employment history, compensation records, performance evaluations, and other relevant HR documentation.
- The system must provide tools or services to scan and digitize paper documents, ensuring that all data is accurately captured and securely stored. (volume of data records)
- The vendor must ensure proper data mapping and transformation processes to meet the system's required format and ensure integrity during the migration.

3) Data Import Capabilities

- The HRIPS must support importing data from commonly used formats (e.g., CSV, Excel, XML, PDF, DOC, etc.) for electronic files.
- The system must allow batch imports for efficient data migration and ongoing data entry.

4) Data Integrity and Verification

- The system must include mechanisms for verifying the accuracy and completeness of data once migrated or converted from paper or electronic files.

- The system should generate migration reports to ensure that all data is accurately transferred without loss or corruption.

5) Secure Data Storage

- The HRIPS must store all employee data in a secure, centralized repository, compliant with relevant data protection regulations (e.g., General Data Protection Regulation, Philippine Data Privacy Act or equivalent).
- The system must provide role-based access control to ensure that only authorized personnel can view or edit sensitive employee data.

A. INTEGRATION WITH OTHER SYSTEMS

For the integration of the proposed HRIPS with other PNOC systems, here are the requirements:

- a) Biometrics - the proposed HRIPS system should be able to integrate with the current biometric system that PNOC has. If PNOC's current biometric system is found incompatible, the bidder has the option to include an alternative biometric system (including the devices) in their proposal with minimal or no additional cost to PNOC.
- b) HR workflows - this is the current manual HR workflows, where the manual process uses Microsoft Office Tools as the process outputs.
- c) Accounting system - the current Computerized Accounting System (CAS) is an ERP module using ERPNext (by Frappe) as its ERP platform. The HRIPS system should be "plugged in" as another module in this ERPNext platform with the payroll as the integration component with CAS.

Note: *ERPNext/Frappe is an open-source Cloud ERP software.*

B. FUTURE EXPANSION OF THE SYSTEM

The HRIPS solution should be ready for future expansion for PRIME-HRM modules/functionalities to include, but not limited to: recruitment, selection and placement, learning and development, performance management, benefits management, and HR data analytics with AI.

C. PROJECT DURATION AND DELIVERY

1. The system must be designed, developed, delivered, and installed within one hundred twenty (120) calendar days from the receipt of the Notice to Proceed (NTP).
2. The training component must be for End-User Training for Personnel, System Administration for MIS, and General User training for PNOC employees. The training period must be completed within one (1) month after the delivery and installation of the system. A training plan must be provided by the supplier/vendor before the conduct of said training. The outline must contain, among others, the following: topics, descriptions, learning objectives, methodologies, no. of hours, and expected outcomes. Training materials must be provided to all training participants.
