Bids and Awards Committee 

PRICE QUOTATION / PROPOSAL AND COMPLIANCE FORM

Contract of Services for the Preventive Maintenance of Fire Protection System at PNOC Bldgs. 5 and 6

LOT NO.	UOM	SCOPE OF WORK	BID PRICE / MONTH	TOTAL (9 MONTHS)
1	Lot	Preventive Maintenance of Fire Protection System		
		PNOC Bldg. 5		
		PNOC Bldg. 6		
TOTAL AMOUNT				
ABC: PhP 490,000.00				
Contract Duration:		Nine months (April to December 2026)		
Location:		Energy Center, Rizal Drive, BGC, Taguig City		
		Quoted price should be inclusive of VAT and all applicable taxes.		

SCOPE OF WORKS:

To provide skilled labor/manpower, qualified supervisory personnel, testing instruments, appropriate tools, and equipment, including all other associated services necessary to carry out standard preventive maintenance works on the Fire Protection Systems (Sprinkler System and Fire Detection and Alarm System or FDAS) of PNOC Building 5 and Building 6. This includes the proper inspection, testing, adjustment, and minor servicing of system components to ensure that the fire protection systems remain in good working condition and are fully operational at all times.

LABOR REQUIREMENT:

1. The contractor must provide skilled technicians/installers and qualified supervisory technical personnel for the execution of the project.

Key Personnel:

- **Fire Protection Technician:** A hands-on specialist who is trained and certified to handle, maintain, and troubleshoot fire protection systems. *(Submit valid training certificate.)*
- **Mechanical Engineer or Electrical Engineer or Fire Protection Engineer:** Oversees the overall project implementation, conducts inspections, and ensures compliance with applicable fire protection codes and standards. Supervises complex system servicing and certifies the operational readiness of the fire protection system. *(Submit a copy of valid PRC License or proof of licensure.)*

2. The bidder must have completed at least two (2) fire suppression projects within the last three (3) years *(Submit Project Completion or Acceptance Certificates issued by previous clients, proving successful completion of similar works)*

MAINTENANCE OF FIRE PROTECTION SYSTEM AND ITS COMPONENTS:

1. Conduct test runs of the fire pump during the following periods:

- April to June 2026
- July to September 2026
- October to December 2026

and test runs of the jockey pump shall be conducted during the first month upon receipt of the Notice to Proceed (NTP) and every two months thereafter. The testing shall include both manual and automatic start-ups. Each start-up shall be initiated by partially draining the fire pipe riser on each floor of the building.

2. Monthly check-up and testing of all water flow switches and flow control valve supervisory switch.
3. Check wirings connectivity and functionality test of all devices.
4. Inspection of power supply and fuse terminals.
5. Check panel functionality, signal LED's and other components.
6. Check battery load voltage, swelling and loose connection
7. Cleaning, check-up and testing of manual call point, smoke and heat detectors, fire alarm bell, push button, horn, strobe light, fire alarm control panel (clean by chemical contact cleaner, air blower and vacuum cleaner).
8. Checking of fire sprinkler system including but not limited to the following:
 - General inspection of the whole sprinkler and fire detection alarm system.
 - Visual inspection of all regulating pressure.
 - Manual Testing of valve switches.
 - Fire department connection main drain.
 - Fire hose cabinets (testing & visual inspection).
 - Test of cut-in and cut-off of fire pump and jockey pump.
 - Inspection and testing of wirings and components of the control panel.
 - Operational testing.
9. Draining and refilling of the riser system annually.
10. Submit recommendations for repairs and or replacements of parts if any.
11. Coordinate and inform the client and/or its maintenance personnel regarding troubles and parts to be replaced.
12. Contractor shall submit a service report at the end of every service rendered.

OTHER TERMS AND CONDITIONS:

1. Contractor shall provide technicians and necessary labor to put the system in proper working condition in the event of system breakdown.
2. Contractor should provide materials, spare parts, replacement parts and labor necessary to replace parts (separate billing).
3. All works shall be scheduled during non-office hours such as after regular office hours, Saturday, Sunday and Holidays (7:00am to 4:00pm).
4. All works, inspection, testing, etc., shall be coordinated and witnessed by PNOC authorized Representative.
5. The Contractor must ensure that the sprinkler system will not activate during cleaning and testing, except as needed, otherwise the Contractor shall be held liable for water damages to equipment, furniture and fixtures, among others.
6. In case of emergencies or when the system breaks down or needs repair, the contractor must provide the required service within 45-90 minutes in

emergency cases and within 24 hours in case of ordinary breakdown upon notice.

- Submit a status report or service report on the condition of the units within 24 hours after the investigation.
- Submit recommendations for repair and/or replacement of parts, if necessary. Coordinate with and inform the client and maintenance personnel regarding identified issues and the parts that require replacement.
- Issue the necessary documents attesting to the safety and reliability of the units.

GENERAL PROVISIONS:

1. A joint inspection must be conducted by the Contractor and PNOC-Admin GSD Representative on the specific works to be done for the project.
2. The Contractor is required to inspect and examine the site and the surroundings of the proposed project to arrive at an estimate of the labor, materials, equipment, facilities and services necessary to carry out the work.
3. The Contractor must conduct proper planning and safety orientation meeting to all personnel involved in the work prior to commencement.
4. The Contractor is required to coordinate all activities and work relative to the project with the PNOC Admin-GSD representative for proper monitoring and coordination.
5. The Contractor shall commence work on the agreed start date and shall carry out the work in accordance with the program of work submitted by the Contractor, as updated, with the approval of the PNOC Admin-GSD representative and complete the project by the completion date as indicated in the TOR.
6. The Contractor shall be liable for all fire and accident claims and other related claims arising from injuries and damages, which may occur in relation to the execution of the project.
7. The Contractor shall hold PNOC and its personnel free from any and all liabilities for damages arising from injuries or liabilities to persons or damages to property occasioned by any act or omissions of the Contractor and shall pay actual damages for any and all expenses which may be incurred by PNOC-Admin GSD and its personnel in the defense of any claim, action or suit.
8. The cost of any and all rework and/or restoration of damaged properties due to Contractor's poor workmanship or negligence shall be borne by the contractor.
9. The Contractor must submit a list of personnel assigned to the project before commencing the above scope of works.
10. The Contractor must comply with all standard health and safety requirements to include, among others, the use of personal protective equipment by all workers, installation of safety signage, proper ID and observe company rules and regulations on safety and security.
11. The work shall be executed in the best and thorough manner throughout the project timeline to the satisfaction of PNOC-Admin GSD. PNOC-Admin GSD shall have the power to reject any work, method of accomplishing every part of work and material used which in their judgement are not in full accordance with the specifications and/or description as provided in the scope of work and are deemed to be disadvantageous to PNOC.

SITE POSSESSION:

1. The Contractor confirms that he has inspected the site where the work will be performed; that he has knowledge of and/or acquired knowledge thereof on the conditions which might affect the nature, extent and cost of the work required; that PNOC shall in no way be responsible for any costs or expenses which may be incurred on account of failure of the Contractor to make an accurate examination of present and/or assessment of future factors that may affect the cost of execution.
2. Tapping of equipment and other related work shall be properly coordinated with PNOC-Admin GSD designated representative for provision of electrical power source.
3. The GSD shall designate a specific area to be used by the Contractor as temporary facilities/storage area/administration area in connection with the project.

WARRANTY PROVISIONS:

1. All replacement parts and workmanship provided under this project shall be warranted for a period of one (1) year from the date of acceptance by PNOC.
2. During the warranty period, upon receipt of notice from PNOC, the Contractor shall promptly repair, rectify, replace any deficiencies, defects, failures in materials, workmanship and installed replacement parts at PNOC's sole discretion and at no additional cost to PNOC.

COMPLETION OF WORK:

1. Work shall be accomplished on a contract of regular monthly basis.
2. Agreement shall be for a period of nine (9) months from April to December 2026 or from the date of Notice to Proceed.

NOTE: Delays due to work stoppage ordered by GSD shall not be counted against the set completion date.

TERMS AND CONDITIONS

1. Payment Terms: Government Terms - full payment upon completion of delivery/implementation, or subject to the conditions specified in the Scope of Works/Activities or Terms of Reference.
2. All entries shall be typed or written in a clear legible manner.
3. Bidder shall offer one (1) bid only. Alternative bids shall be rejected.
4. All prices offered herein are valid, binding and effective for THIRTY (30) calendar days upon issuance of this document.
5. As a general rule, price quotations to be denominated in Philippine Peso shall include all taxes, duties and/or levies payable.
6. In case of tie quotations, tie breaking shall be on draw lots or toss coin.
7. In case supplier pro forma quotation is submitted, conditions will be governed by the submitted signed Terms of Reference / Technical Specifications Sheet.
8. During evaluation of quotation/proposal, the project proponent may require additional documents to verify, validate and ascertain the compliance of the supplier/contractor or consultant.
9. Liquidated damages shall be imposed pursuant to Section 71.1.4 of RA 12009.

We undertake, if our Proposal is accepted, to supply/deliver the goods/services in accordance with the specifications and/or delivery schedule.

We agree to abide by this quotation/proposal for a period of thirty (30) calendar days, which is the price's validity period and it shall remain binding upon us and may be accepted at any time before the expiration of that period.

Until a Contract or a Purchase Order is executed, this Quotation/Proposal shall be binding upon us. We understand that you are not bound to accept the lowest or any Proposal you may receive.
