QUERIES	PNOC'S RESPONSE
Whether a completed building construction project may be considered as a Similar Contract or Single Largest Completed Contract (SLCC) for purposes of meeting the experience requirement of this procurement.	Yes. A completed building construction project may be considered as a similar project, provided that it complies with the definition of a similar contract under the bidding documents. Specifically, the contractor must have completed at least one (1) contract in general construction or civil works involving the construction of a perimeter fence within the last five (5) years. Projects meeting this requirement shall be considered compliant with the Similar Contract/SLCC requirement.
Whether a completed Construction of a Multi-Purpose Building may be considered a similar project for purposes of meeting the eligibility requirement.	Yes. A completed Construction of a Multi-Purpose Building may be considered a similar project, provided that it involves comparable scope, complexity, construction methodology, and major work items, including reinforced concrete structural works, architectural finishes, electrical, plumbing, sanitary, and other related building components, consistent with the requirements of the bidding documents.

Locations where the 12 mm and 16 mm diameter reinforcing steel bars are to be used.	The material specifications indicating the use of 12 mm and 16 mm diameter reinforcing steel bars are included in the Section B-B and Section C-C drawings. For further clarification: • 16 mm Ø – Main reinforcing bars for the columns • 12 mm Ø – Main reinforcing bars for the beams
